INTRODUCTION

Website Summary

**A fully integrated solution
for re-imbursement
processing**

This website fully integrates ML (machine learning) and OCR (optical character recognition) using Python as a shell command through PHP to provide a **packaged and complete solution**.

Responsive with admin account and user accounts with their own dashboards

Admin account has been created that has high level overview and the ability to create many user accounts. Each user account has their own personalized dashboard to view their own data on re-imbursement submitted.

Launching the website in localhost

Getting the files

Accessing via the GitHub repository

The easiest way to get the files would be to pull from the GitHub repository. To do this, follow the steps below:

1. Open link <https://github.com/Jay-Nepal/lightxpense>
2. Click on the green "<> Code" button
3. Download the ZIP file.

OR, in cmd on a PC with GIT installed, type:

```
git pull https://github.com/Jay-Nepal/lightxpense.git
```

Accessing via the submitted ZIP file

To access via the ZIP file, follow the steps below:

1. Download the zip file,
2. Extract the LightXpense folder and copy it over to XAMPP folder inside the htdocs directory,
3. Open XAMPP control panel and start apache server and mysql database
4. Upload the database file to your MySQL server
5. In a web browser of your choosing, open <http://localhost/lightxpense/index.php>

A visual representation of this is on the next page

01

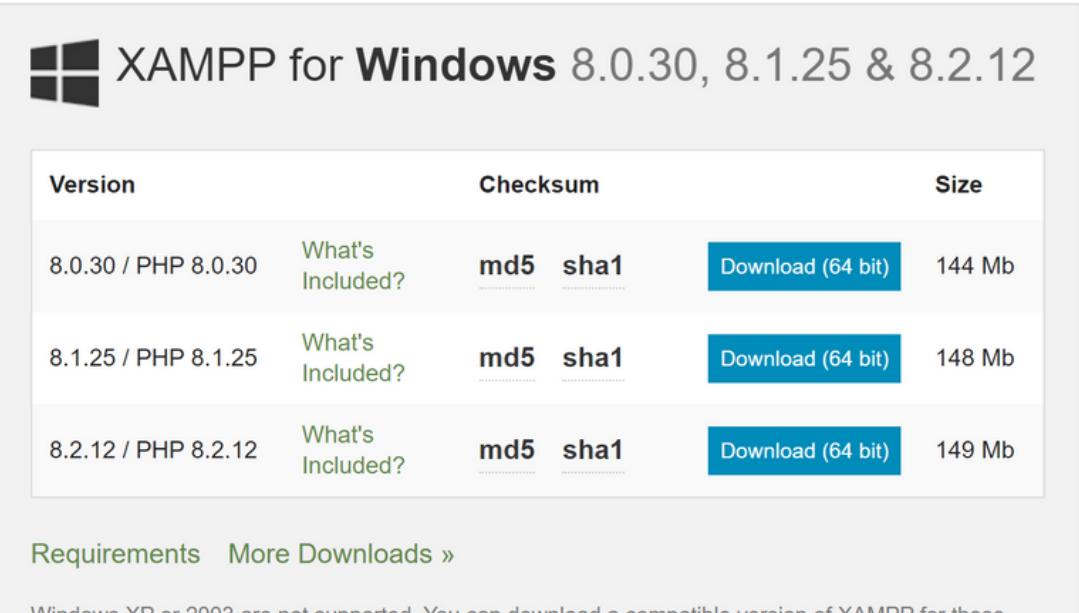

Launching the website in localhost

After following the three steps, open the link below:

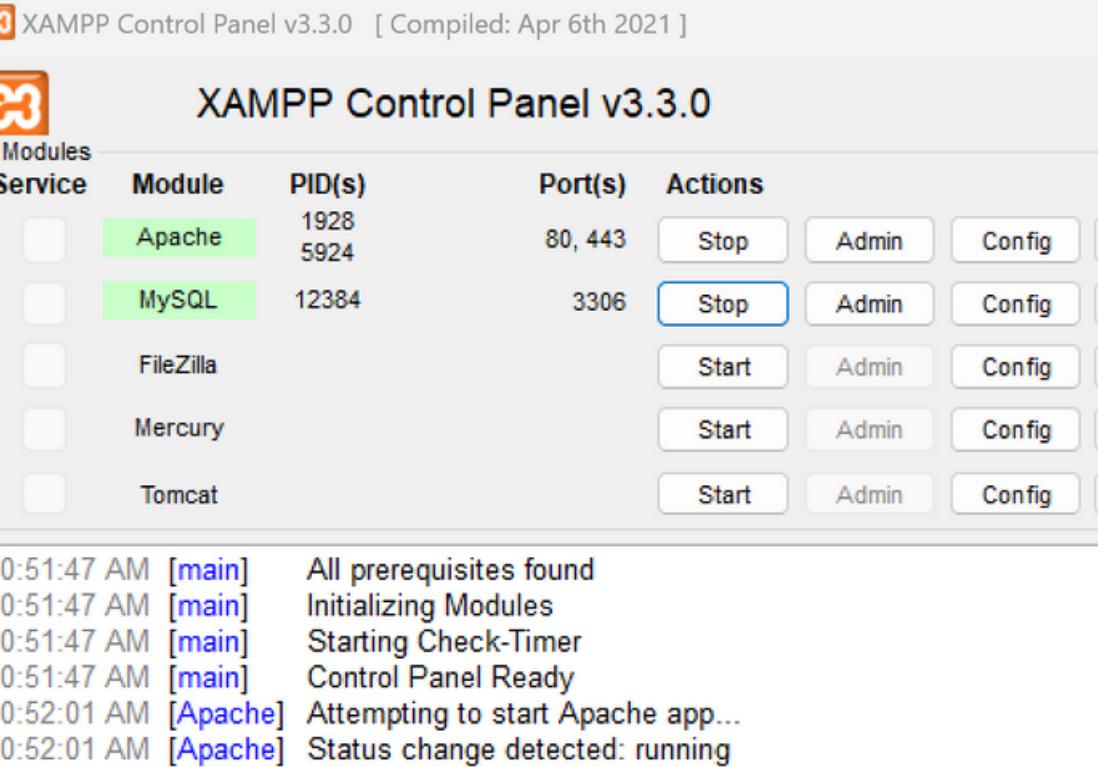

http://localhost/light_xpense/index.php

1. Download and install XAMPP

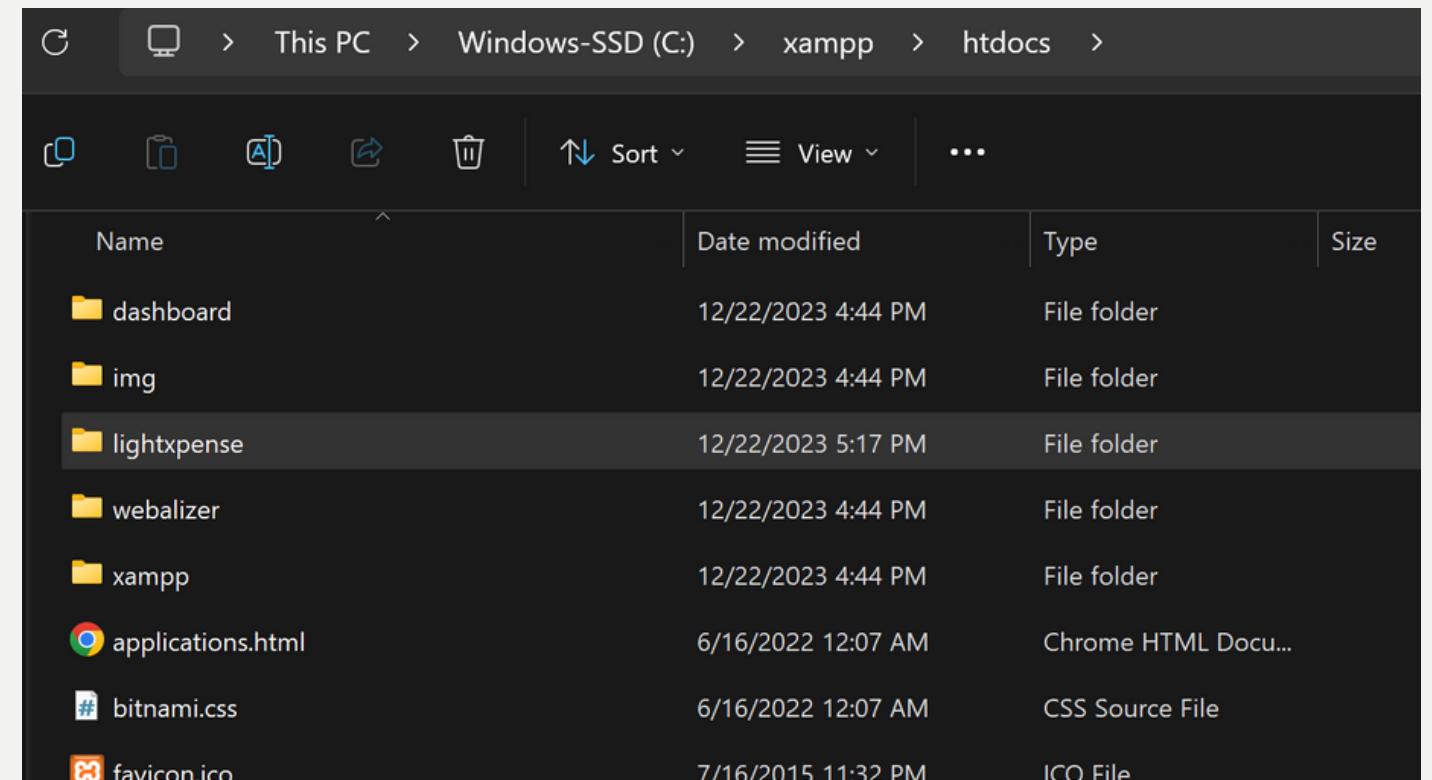

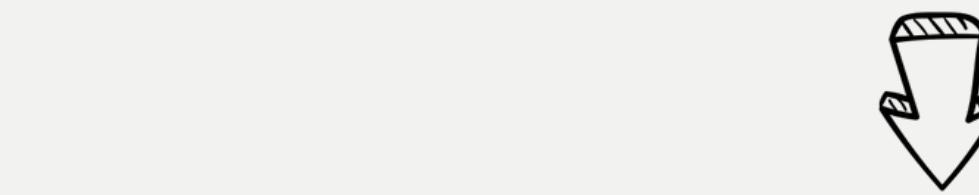

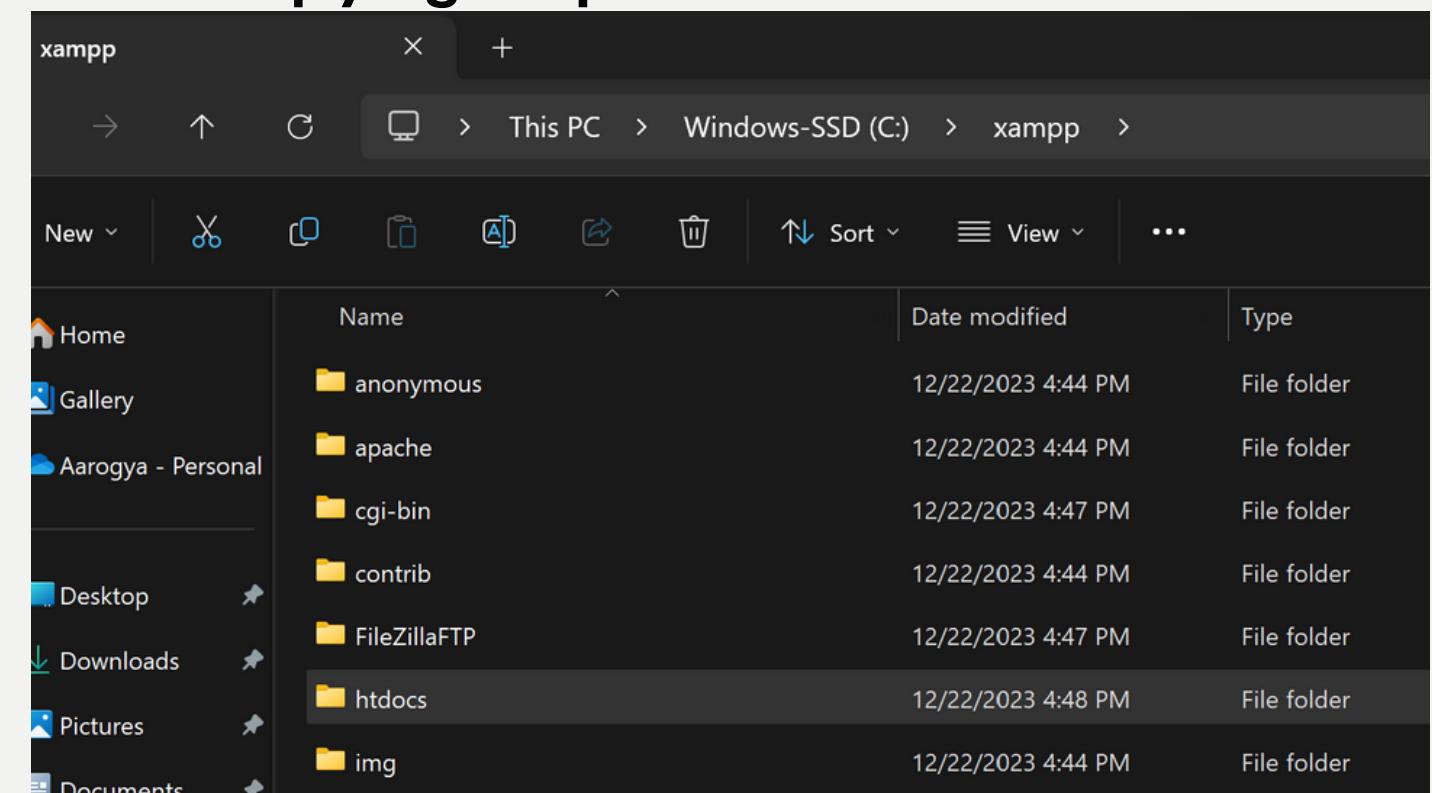

XAMPP is an easy to install Apache distribution containing MariaDB, PHP, and Perl. Just download and start the installer. It's that easy.

3. Turn on Apache and MySQL

2. Copy lightXpense folder to htdocs

**Navigating the website & their
features**

Home page [1 / 11]

Header section

Landing section

1. Header section, also known as the navigation bar, contains navigation to different sections or pages
2. The landing section serves as an entry point when user first access to the webpage

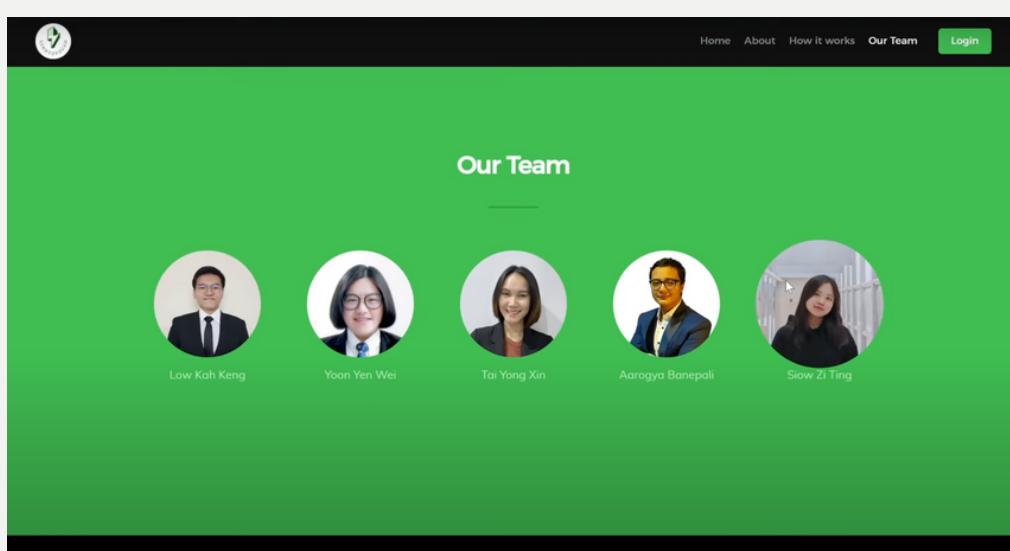

The screenshot displays the homepage of Lightxpense. At the top is a dark header bar with a logo on the left and navigation links for Home, About, How it works, Our Team, and a green Login button on the right. Below the header is a large, light-colored landing section featuring a geometric hexagonal pattern. The text "WELCOME TO LIGHTXPENSE" is at the top left, followed by a large, bold, black headline: "One click solution to reimbursement processing". At the bottom of this section are two buttons: "Preview" and "Watch Video". To the right of the main content is a white smartphone icon showing a receipt upload interface with buttons for "Select Image" and "Submit". A vertical scroll bar on the right side of the page has the text "SCROLL DOWN" next to it.

Home page - Header Section [2/11]

Click on “Home” to navigate to home page, also known as landing section

Home page - Landing Section [3/11]

Navigate to "Our Team" section

A screenshot of the LightXpense website's landing page. At the top, there is a navigation bar with links for Home, About, How it works, Our Team, and Login. The main content area has a background of overlapping green hexagons. It features the text 'WELCOME TO LIGHTXPENSE' and 'One click solution to reimbursement processing'. Below this text are two buttons: 'Preview' and 'Watch Video', both of which are circled in red. A hand cursor icon is positioned over the 'Watch Video' button. To the right of the main content, there is a smartphone icon displaying a step-by-step guide for uploading a receipt. The steps are: 'Upload Your Receipt' (with a file type note: 'The file should be in .png, .jpg, .jpeg, pdf'), 'Select Image', and 'Submit'. A vertical arrow on the right side of the phone icon points downwards with the text 'SCROLL DOWN →'. At the bottom of the landing page, there is a video thumbnail showing a person at a desk with a speech bubble saying 'SO MANY RECEIPTS...'.

Navigate to a video of LightXpense on Youtube. As an alternative, you may view the video through this link:

<https://www.youtube.com/watch?v=O7Xq6C-AVPQ>

Home page - About Section [4/11]

Click on “About” to navigate to About Section. This talks about what LightXpense company does

The screenshot shows the LightXpense home page. At the top is a black navigation bar with the company logo on the left, followed by menu items: Home, About (which is circled in red), How it works, Our Team, and a green Login button. Below the navigation bar is a large, light gray background area featuring a geometric pattern of overlapping green hexagons. In the center of this area, the text "WELCOME TO LIGHTXPENSE" is displayed above the main headline. The main headline reads: "One click solution to reimbursement processing". To the right of the headline is a white smartphone icon. The phone's screen displays a user interface for uploading receipts, with the text "Upload Your Receipt" and "The file should be in .png, .jpg, .jpeg, pdf". A small letter "S" is located at the bottom right corner of the phone icon.

Home page - About Section [5/11]

About section

The about section talks
about who we are and
the business
LightXpense is in

The screenshot shows the 'About Us' section of the LightXpense website. At the top, there's a navigation bar with a logo, 'Home', 'About', 'How it works', 'Our Team', and a green 'Login' button. Below the navigation is a large heading 'About Us' with a short horizontal line underneath. To the right of the heading is a paragraph of text: 'Our journey began with the simple idea that technology could revolutionize the way employees interact with their expenses, making reimbursement a breeze. We aim to re-invent how reimbursement is processed and facilitate seamless integration between HR, finance and accounting modules while keeping costs at a minimum.' Below this text are four service cards, each with an icon and a title: 'Snap & Claim' (camera icon), 'RPA Supported' (robot icon), 'Chart of Account Compliance' (hammer icon), and 'Visualisation' (chart icon). Each card also has a brief description below its title.

About Us

Our journey began with the simple idea that technology could revolutionize the way employees interact with their expenses, making reimbursement a breeze. We aim to re-invent how reimbursement is processed and facilitate seamless integration between HR, finance and accounting modules while keeping costs at a minimum.

Snap & Claim

Simplify claims submission by only submitting one photo and increases compliance.

RPA Supported

RPA-supported platform is meticulously designed to seamlessly classify and extract grand totals, eliminating the need for extensive HR involvement.

Chart of Account Compliance

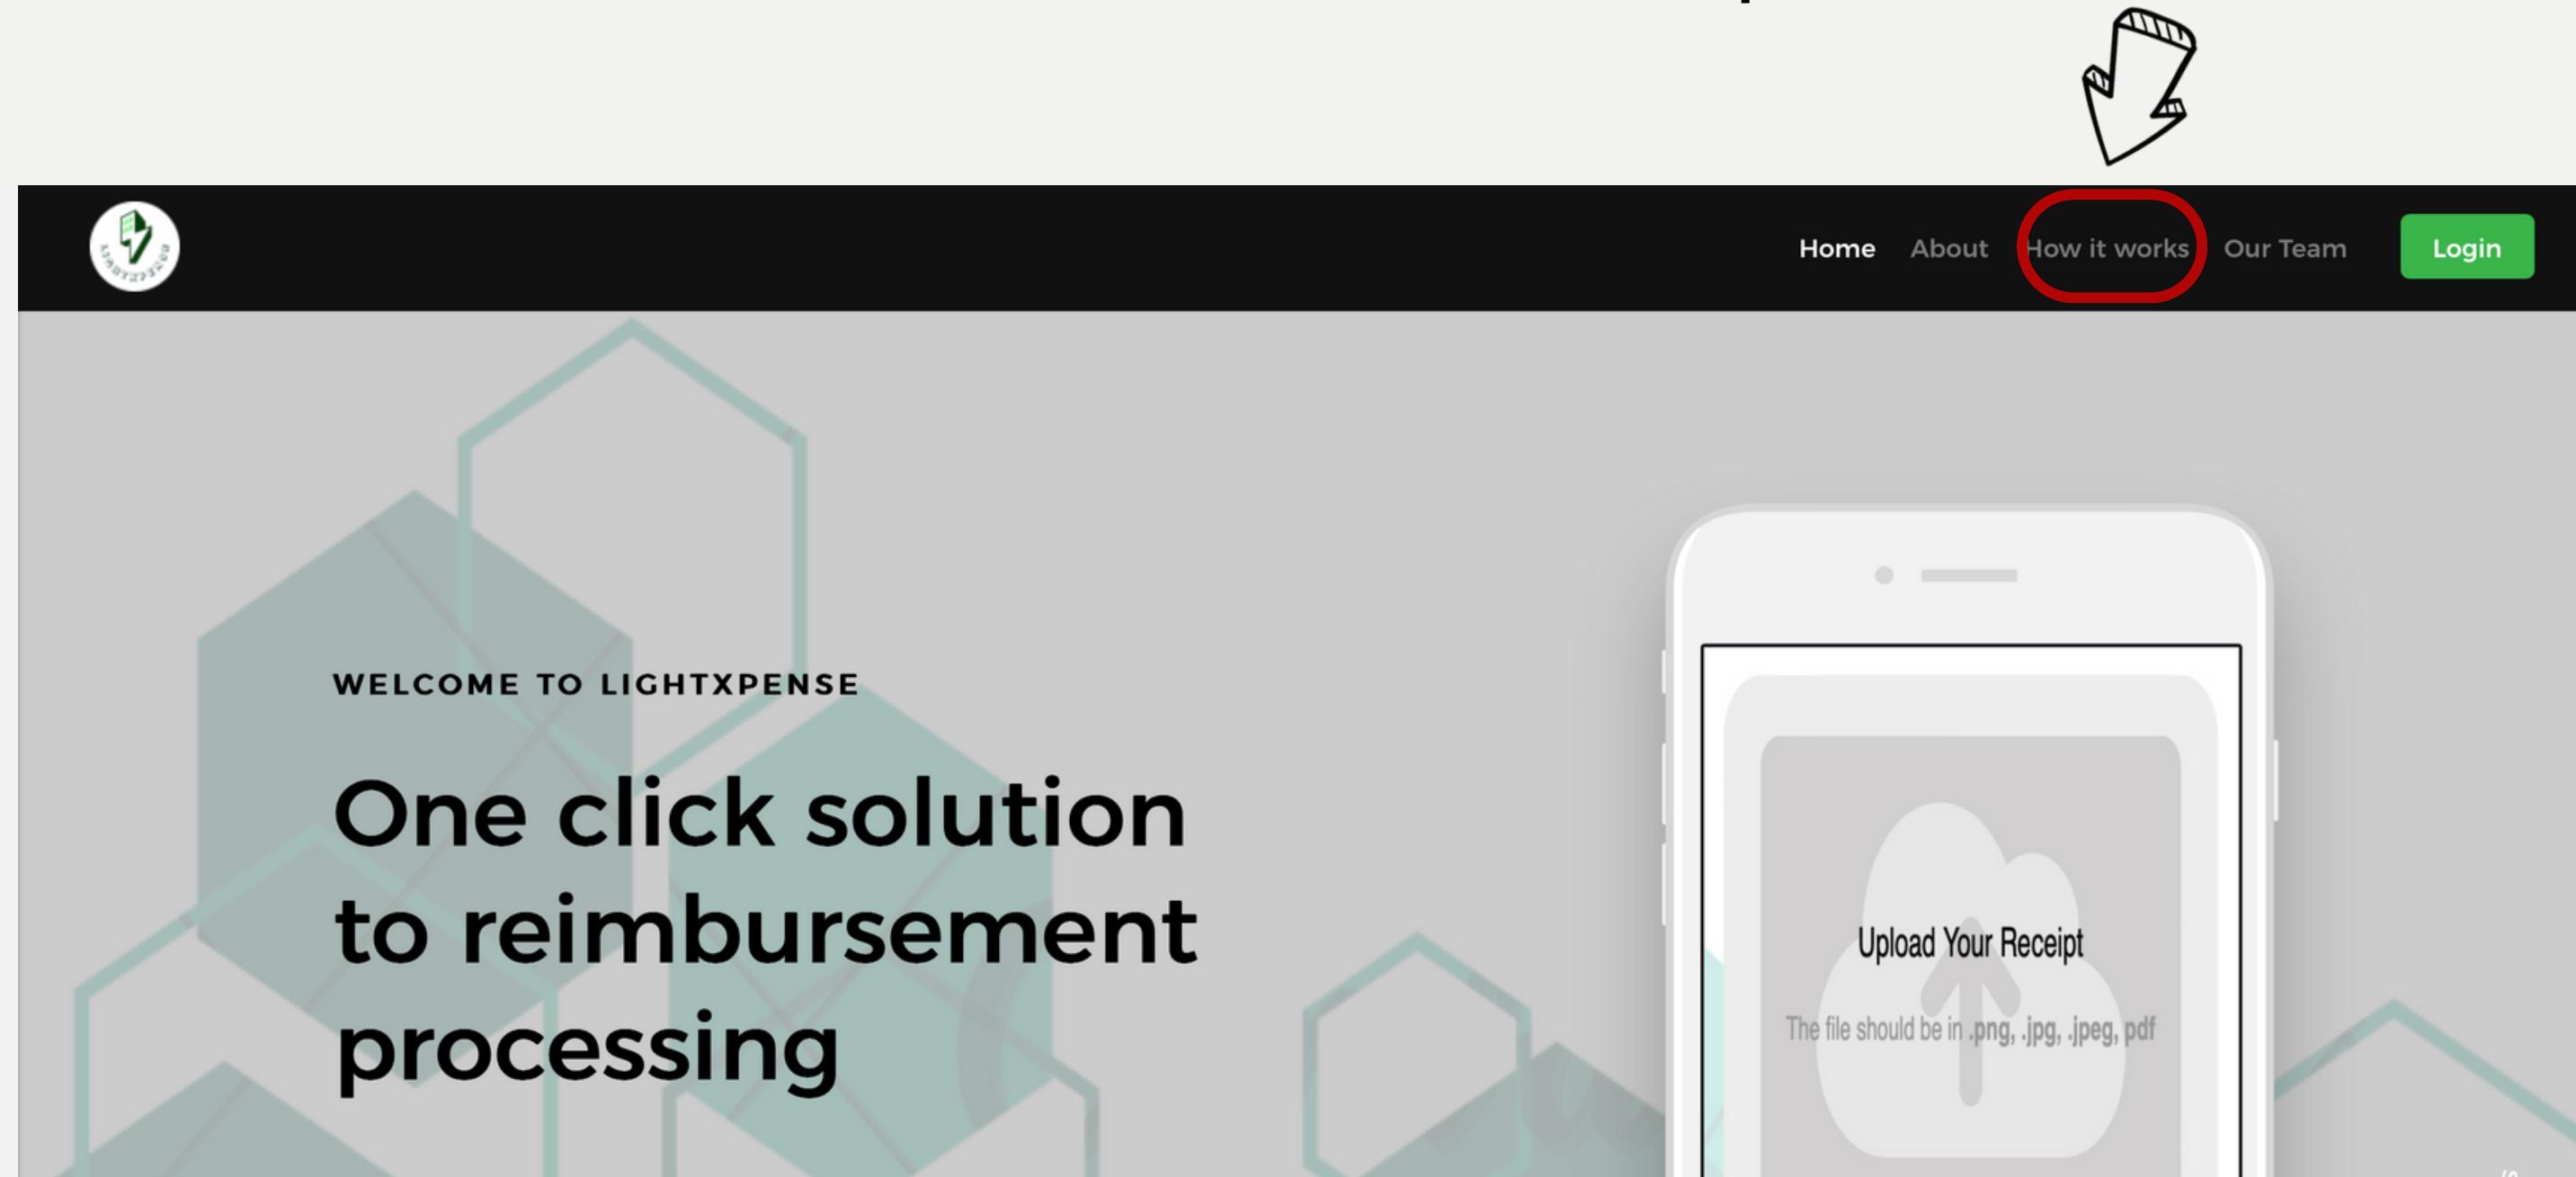

Our system derives Human Resources classifications in accordance with the Chart of Accounts (COA), ensuring a standardized approach across your organization. This alignment eliminates the need for Finance teams to conduct time-consuming

Visualisation

Integrate claims submission with dashboard view, enabling managers to identify trends, assess risk, and make informed, precise decisions.

Home page - How it Works Section [6/11]

Click on “How it Works” to access to How it Works Section. This talks about the solution that LightXpense offers (The To-Be process)

Home page - How it Works Section [7/11]

How it Works section

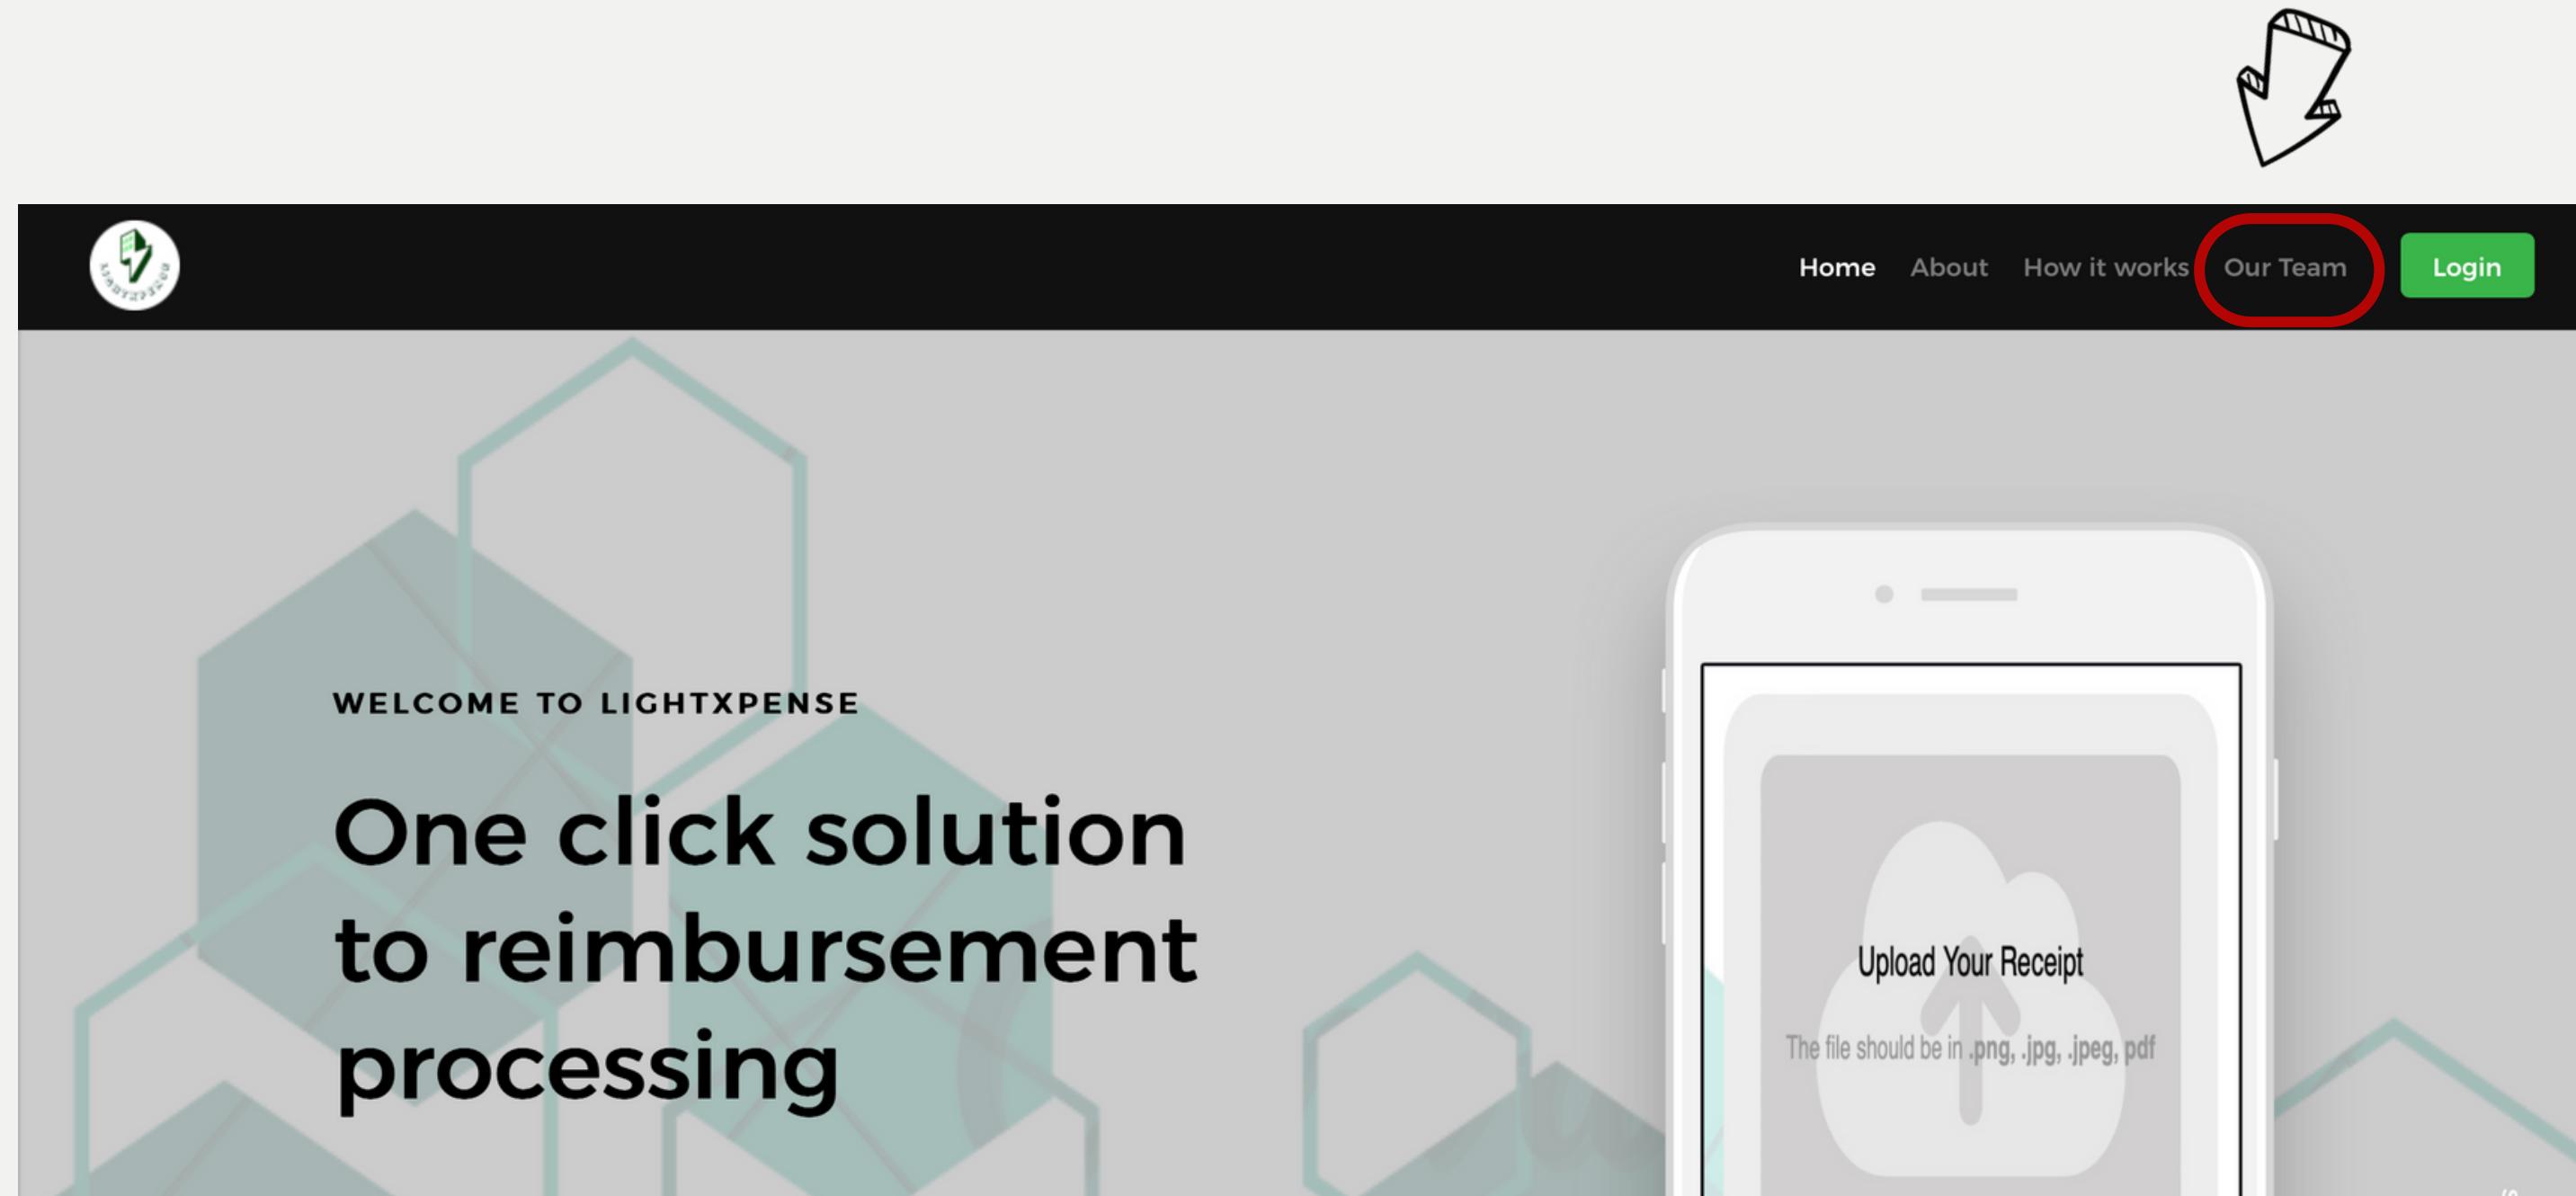

The screenshot shows the LightXpense home page with a navigation bar at the top featuring a logo, Home, About, How it works, Our Team, and a Login button. A red rounded rectangle highlights the 'How it works' section. This section contains four numbered steps: 1. Sign-Up, 2. Upload, 3. Create, and 4. Publish, each with a corresponding green circular icon containing a number and a brief description.

- 1 Sign-Up**
HR administrators take the initiative to create registered accounts for employees. Employees are then required to log in using the provided credentials, streamlining the process and ensuring secure access to the LightXpense platform.
- 2 Upload**
To claim reimbursement, employees capture the essence of their transactions by taking photos of the receipts. The simplicity of the process lies in the ability to effortlessly upload these images onto the LightXpense platform. This step ensures that the necessary documentation for reimbursement is promptly submitted in a convenient and user-friendly manner.
- 3 Create**
Upon successful upload of receipts, employees can delve into the LightXpense platform to create and access detailed information related to their reimbursement claims. This includes the ability to input and review relevant details, fostering transparency and accountability in the reimbursement workflow.
- 4 Publish**
Notifications regarding the status of reimbursement claims are automatically generated within LightXpense. A centralized dashboard facilitates the collaborative effort among employees, the HR department, and the Finance department. This shared platform allows stakeholders to publish, review, and manage claim information collectively, ensuring a streamlined and efficient process for all involved parties.

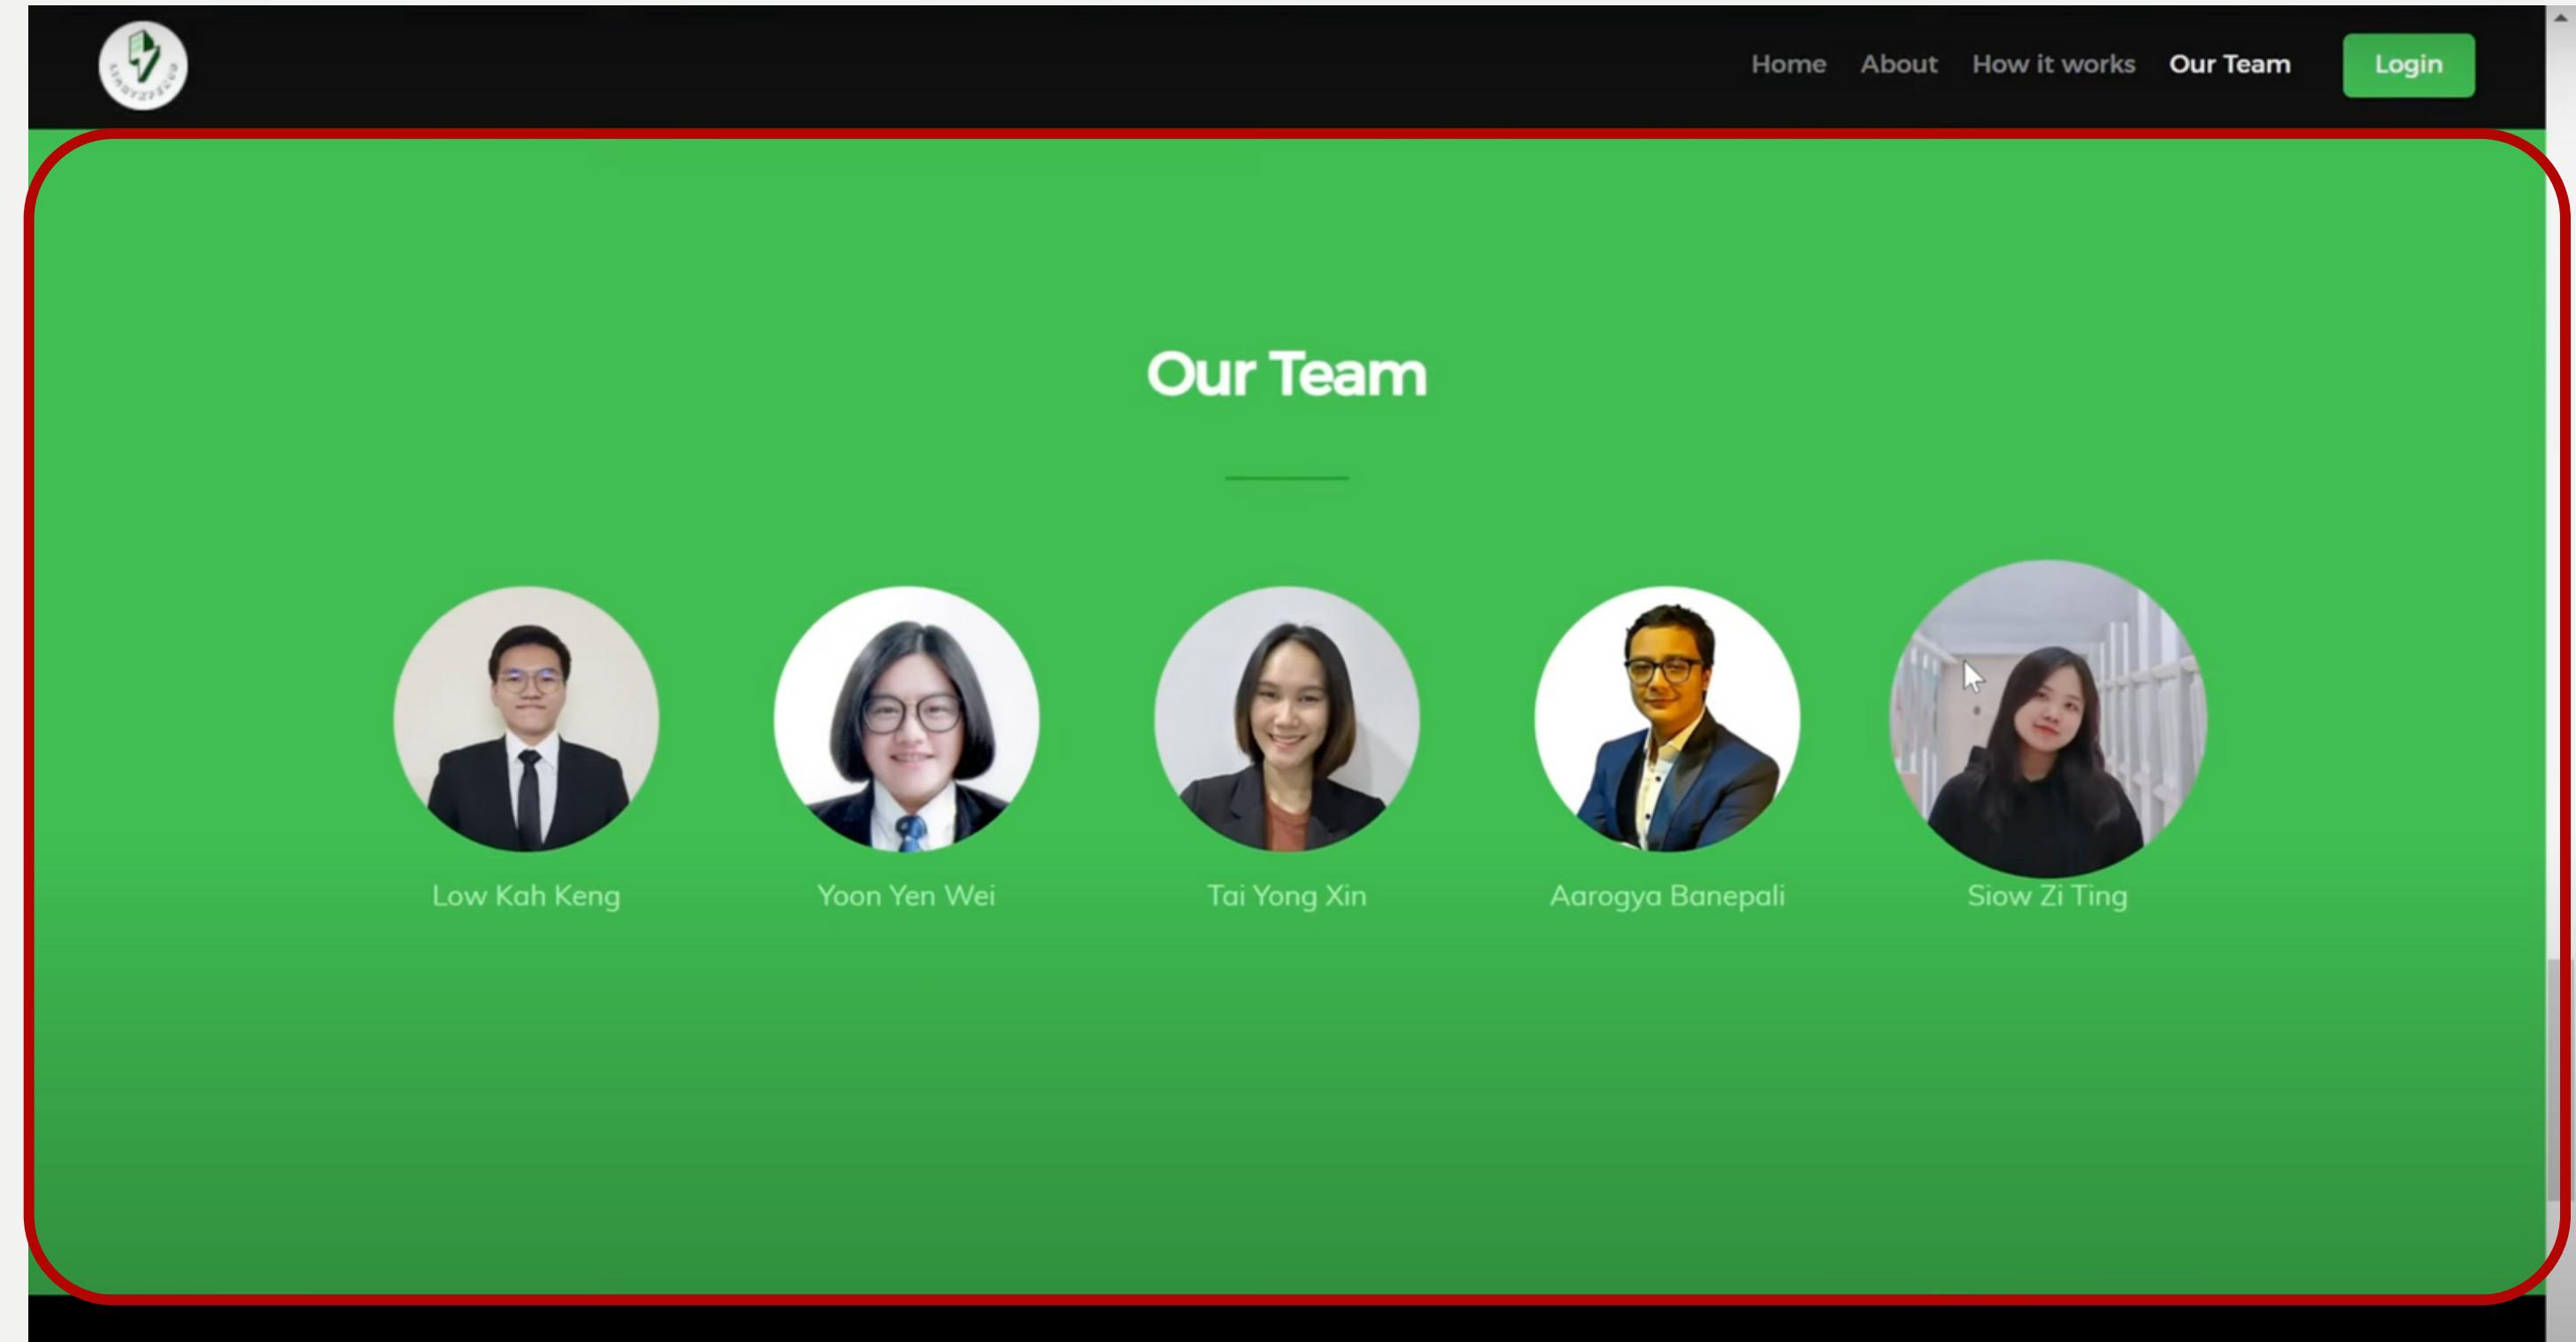

Home page – Our Team Section [8/11]

Click on “Our Team” to navigate to Our Team Section.
This section introduces the company's board members.

Home page – Our Team Section [9/11]

Our Team
section

The screenshot shows a website's 'Our Team' section. At the top, there is a navigation bar with links for Home, About, How it works, Our Team (which is highlighted in blue), and Login. Below the navigation bar, the word 'Our Team' is displayed in white text on a green background. Five circular profile pictures are arranged horizontally. Each profile includes a name below it. A red box highlights the first four profiles, and a hand cursor icon points to the fifth profile.

Profile Picture	Name
	Low Kah Keng
	Yoon Yen Wei
	Tai Yong Xin
	Aarogya Banepali
	Siow Zi Ting

Home page -Footer Section [11/11]

Provides navigation to “Login page”, “Home page”, “About”, “How it Works” and “Our Team” section

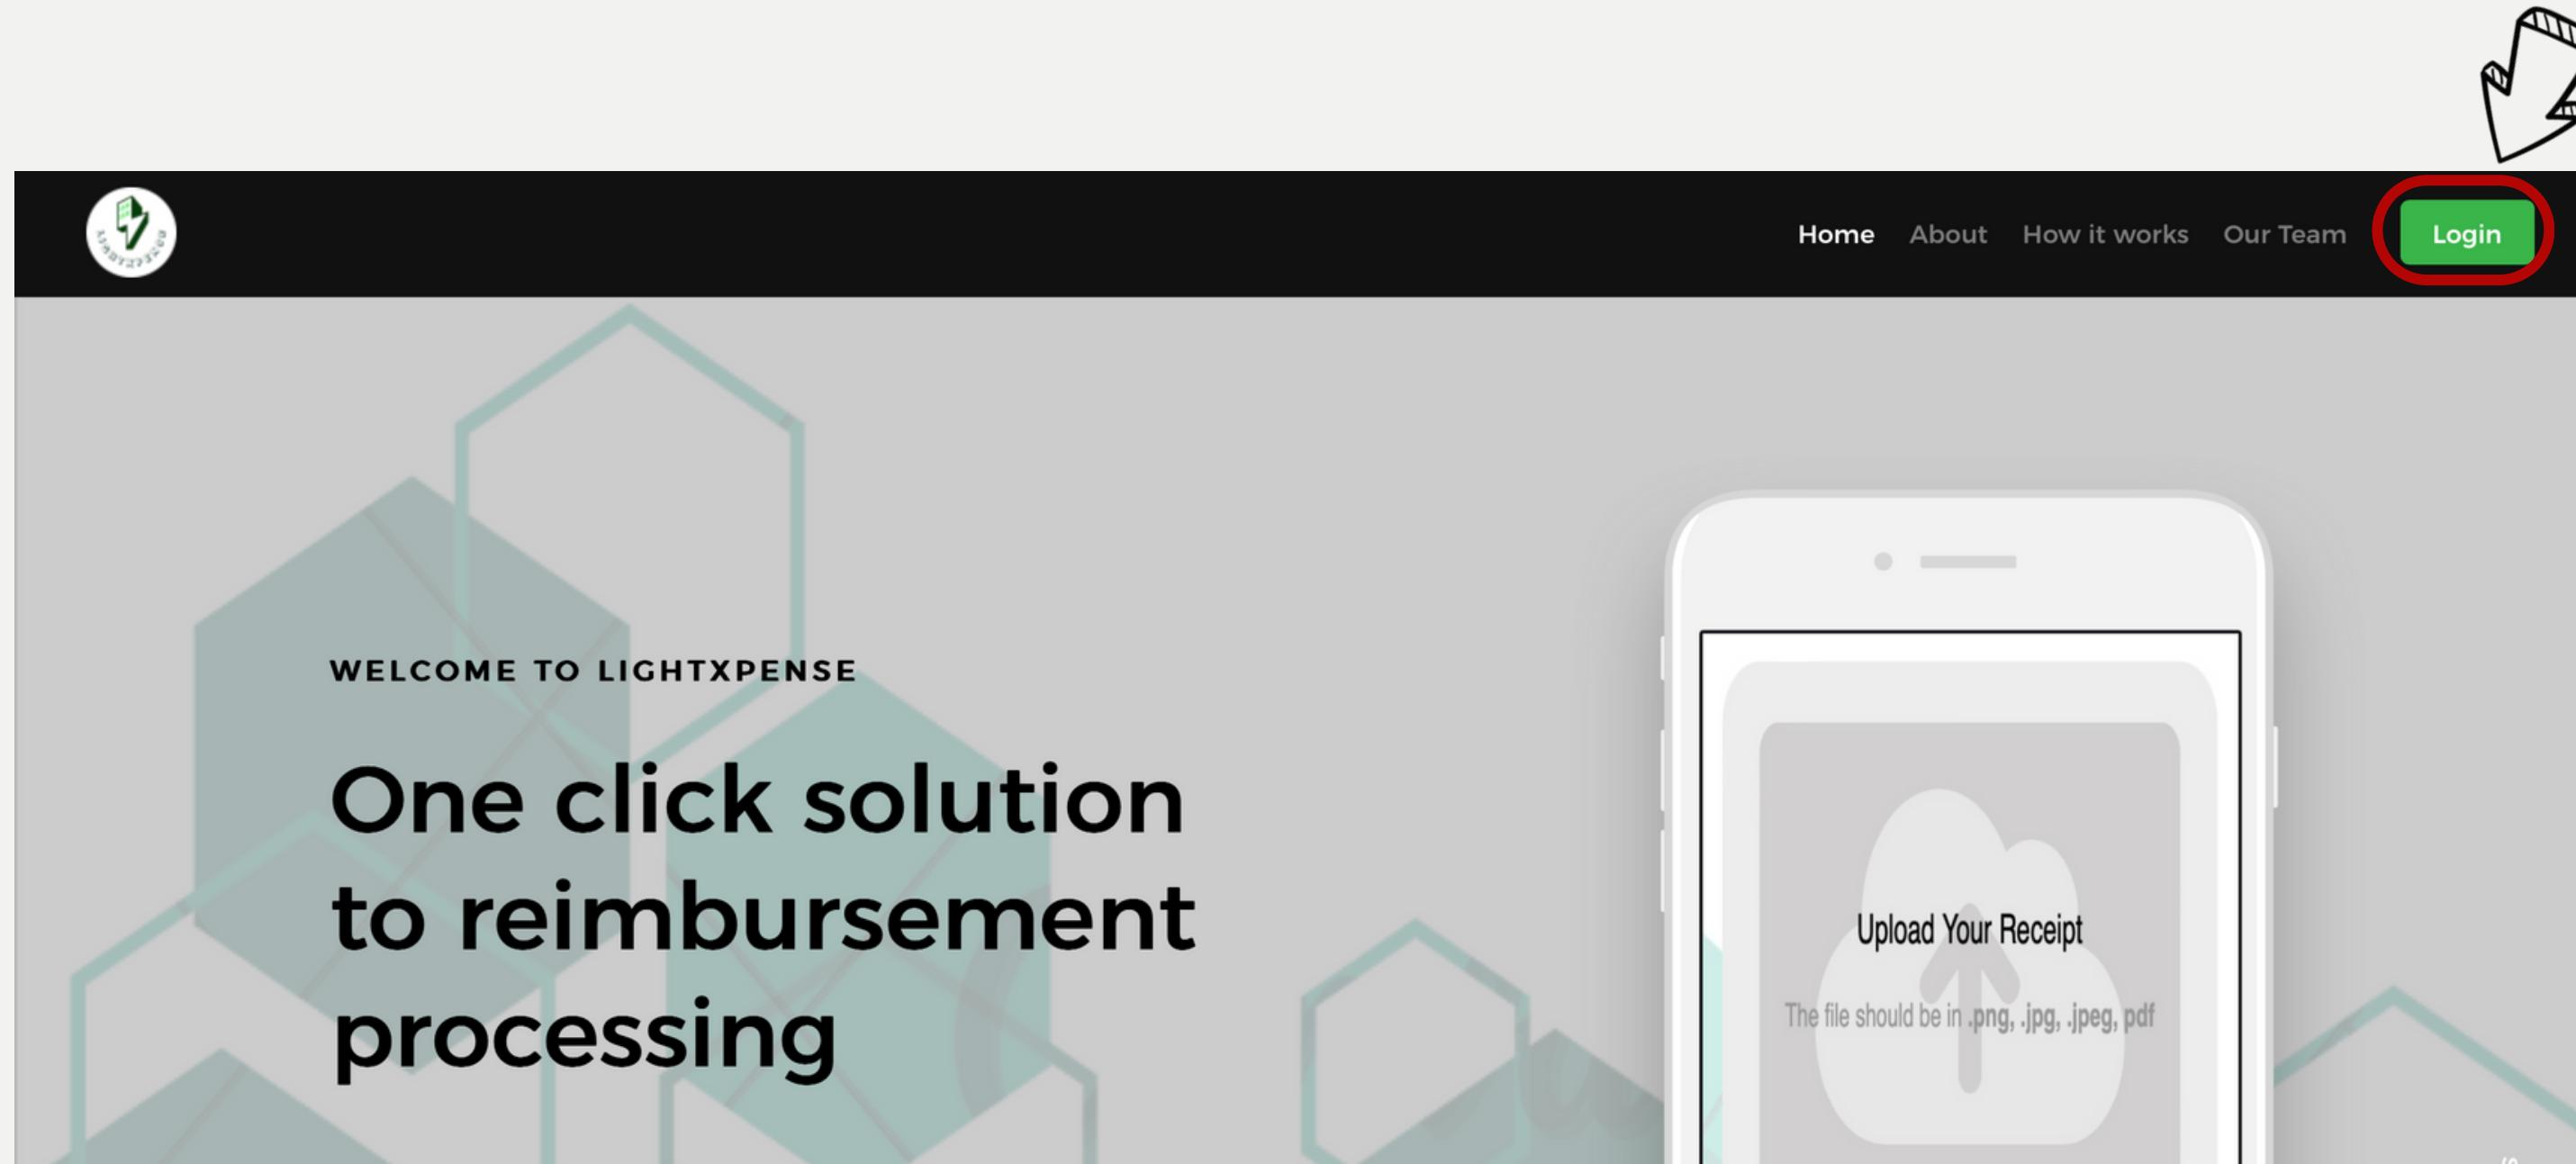

For display purpose

The screenshot shows a website's footer section. At the top is a green horizontal bar with two white arrows pointing downwards. Below this is a black background area containing several elements:

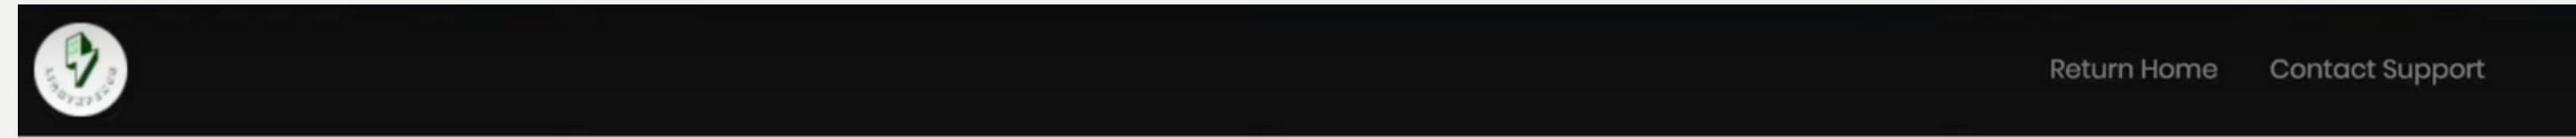

- A small logo on the left.
- A "Contact" section with address details:
 - 5, Jalan Universiti, Bandar Sunway, 47500 Petaling Jaya, Selangor
 - LightXpense@gmail.com
 - Phone: (+60) 17-667 0996
 - Fax: (+60) 18-374 0028
- A "Site Links" menu enclosed in a red rounded rectangle:
 - Login
 - Home
 - About Us
 - How it Works
 - Our Teams
- A "Email Address" input field with a red rounded rectangle around it, followed by a "Send" button.
- Social media icons at the bottom: Facebook, Twitter, LinkedIn, YouTube, and Instagram.

Login Page [1/3]

Click on “Login” button to navigate to Login Page.

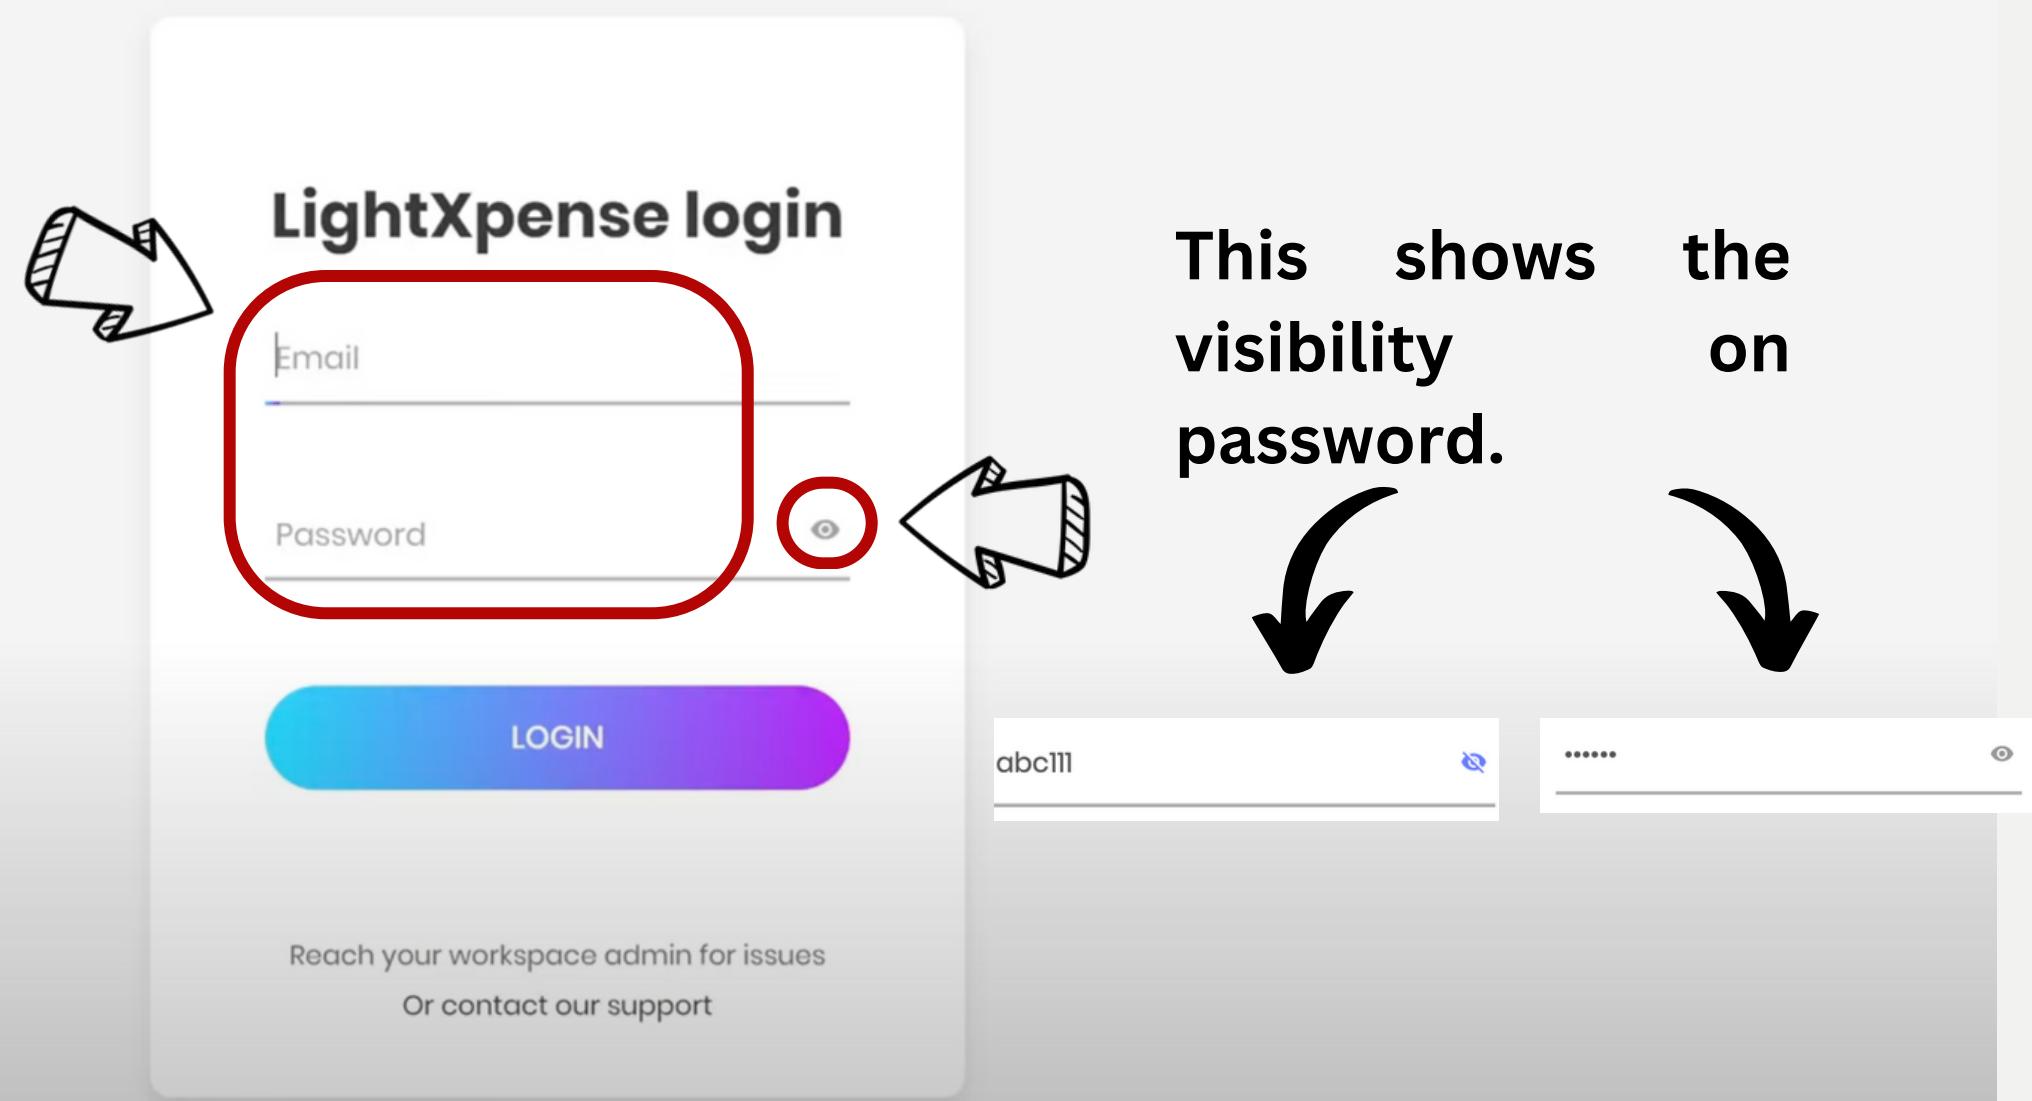

Login Page [2/3]

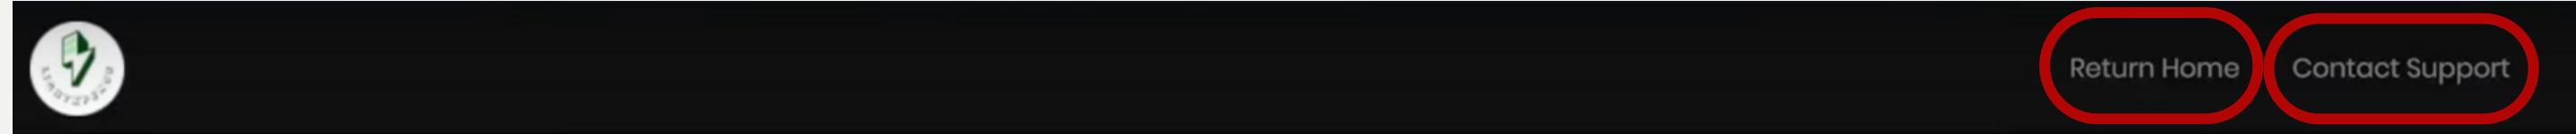

Enter the email address. This login identifies users based on their user type, which can be either "admin" or not admin. There are two predefined email and password combinations for trial users to use for testing.

For admin,
Email: yenwei.lightxpense@gmail.com
PW: abc111@

For non-admins,
Email: taiyongxin@gmail.com
PW: abc111

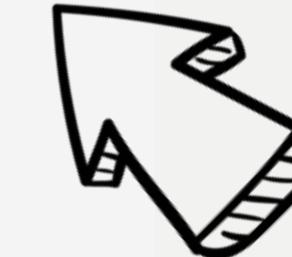

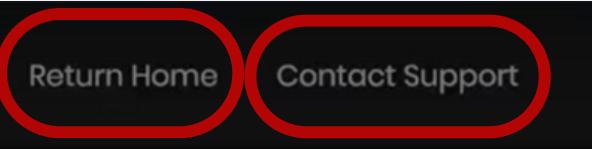

Login Page – Incorrect email /password [3/3]

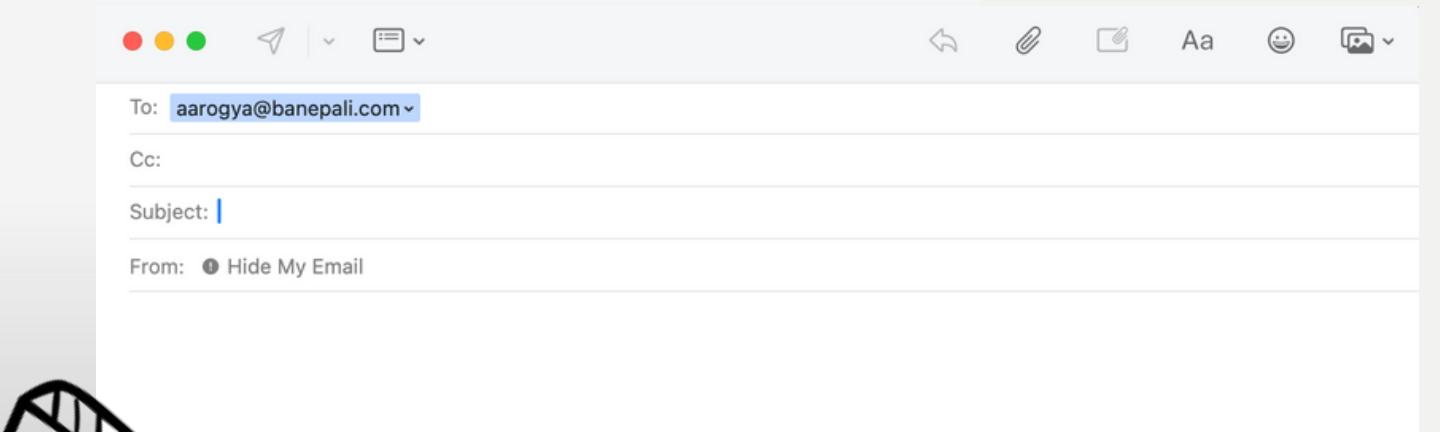

A screenshot of the LightXpense login page. It features a light gray header with the "LightXpense login" logo. Below it are two input fields: "Email" and "Password", followed by a blue "LOGIN" button. A red rounded rectangle highlights a pink error message box containing the text "Error" and "Incorrect email or password". Another red rounded rectangle highlights a smaller button below it with the text "Reach your workspace admin for issues Or contact our support". A large hand cursor icon points towards the "Contact Support" button on the right side of the page.

if the email or password is incorrect, an error message will pop up

Click on return home to navigate back to “Home Page”

When click on “Contact Support”, it directs the option to send an email to this specific email, “aarogya@banepali.com” address to seek for help.

Claim Expense [1/10]

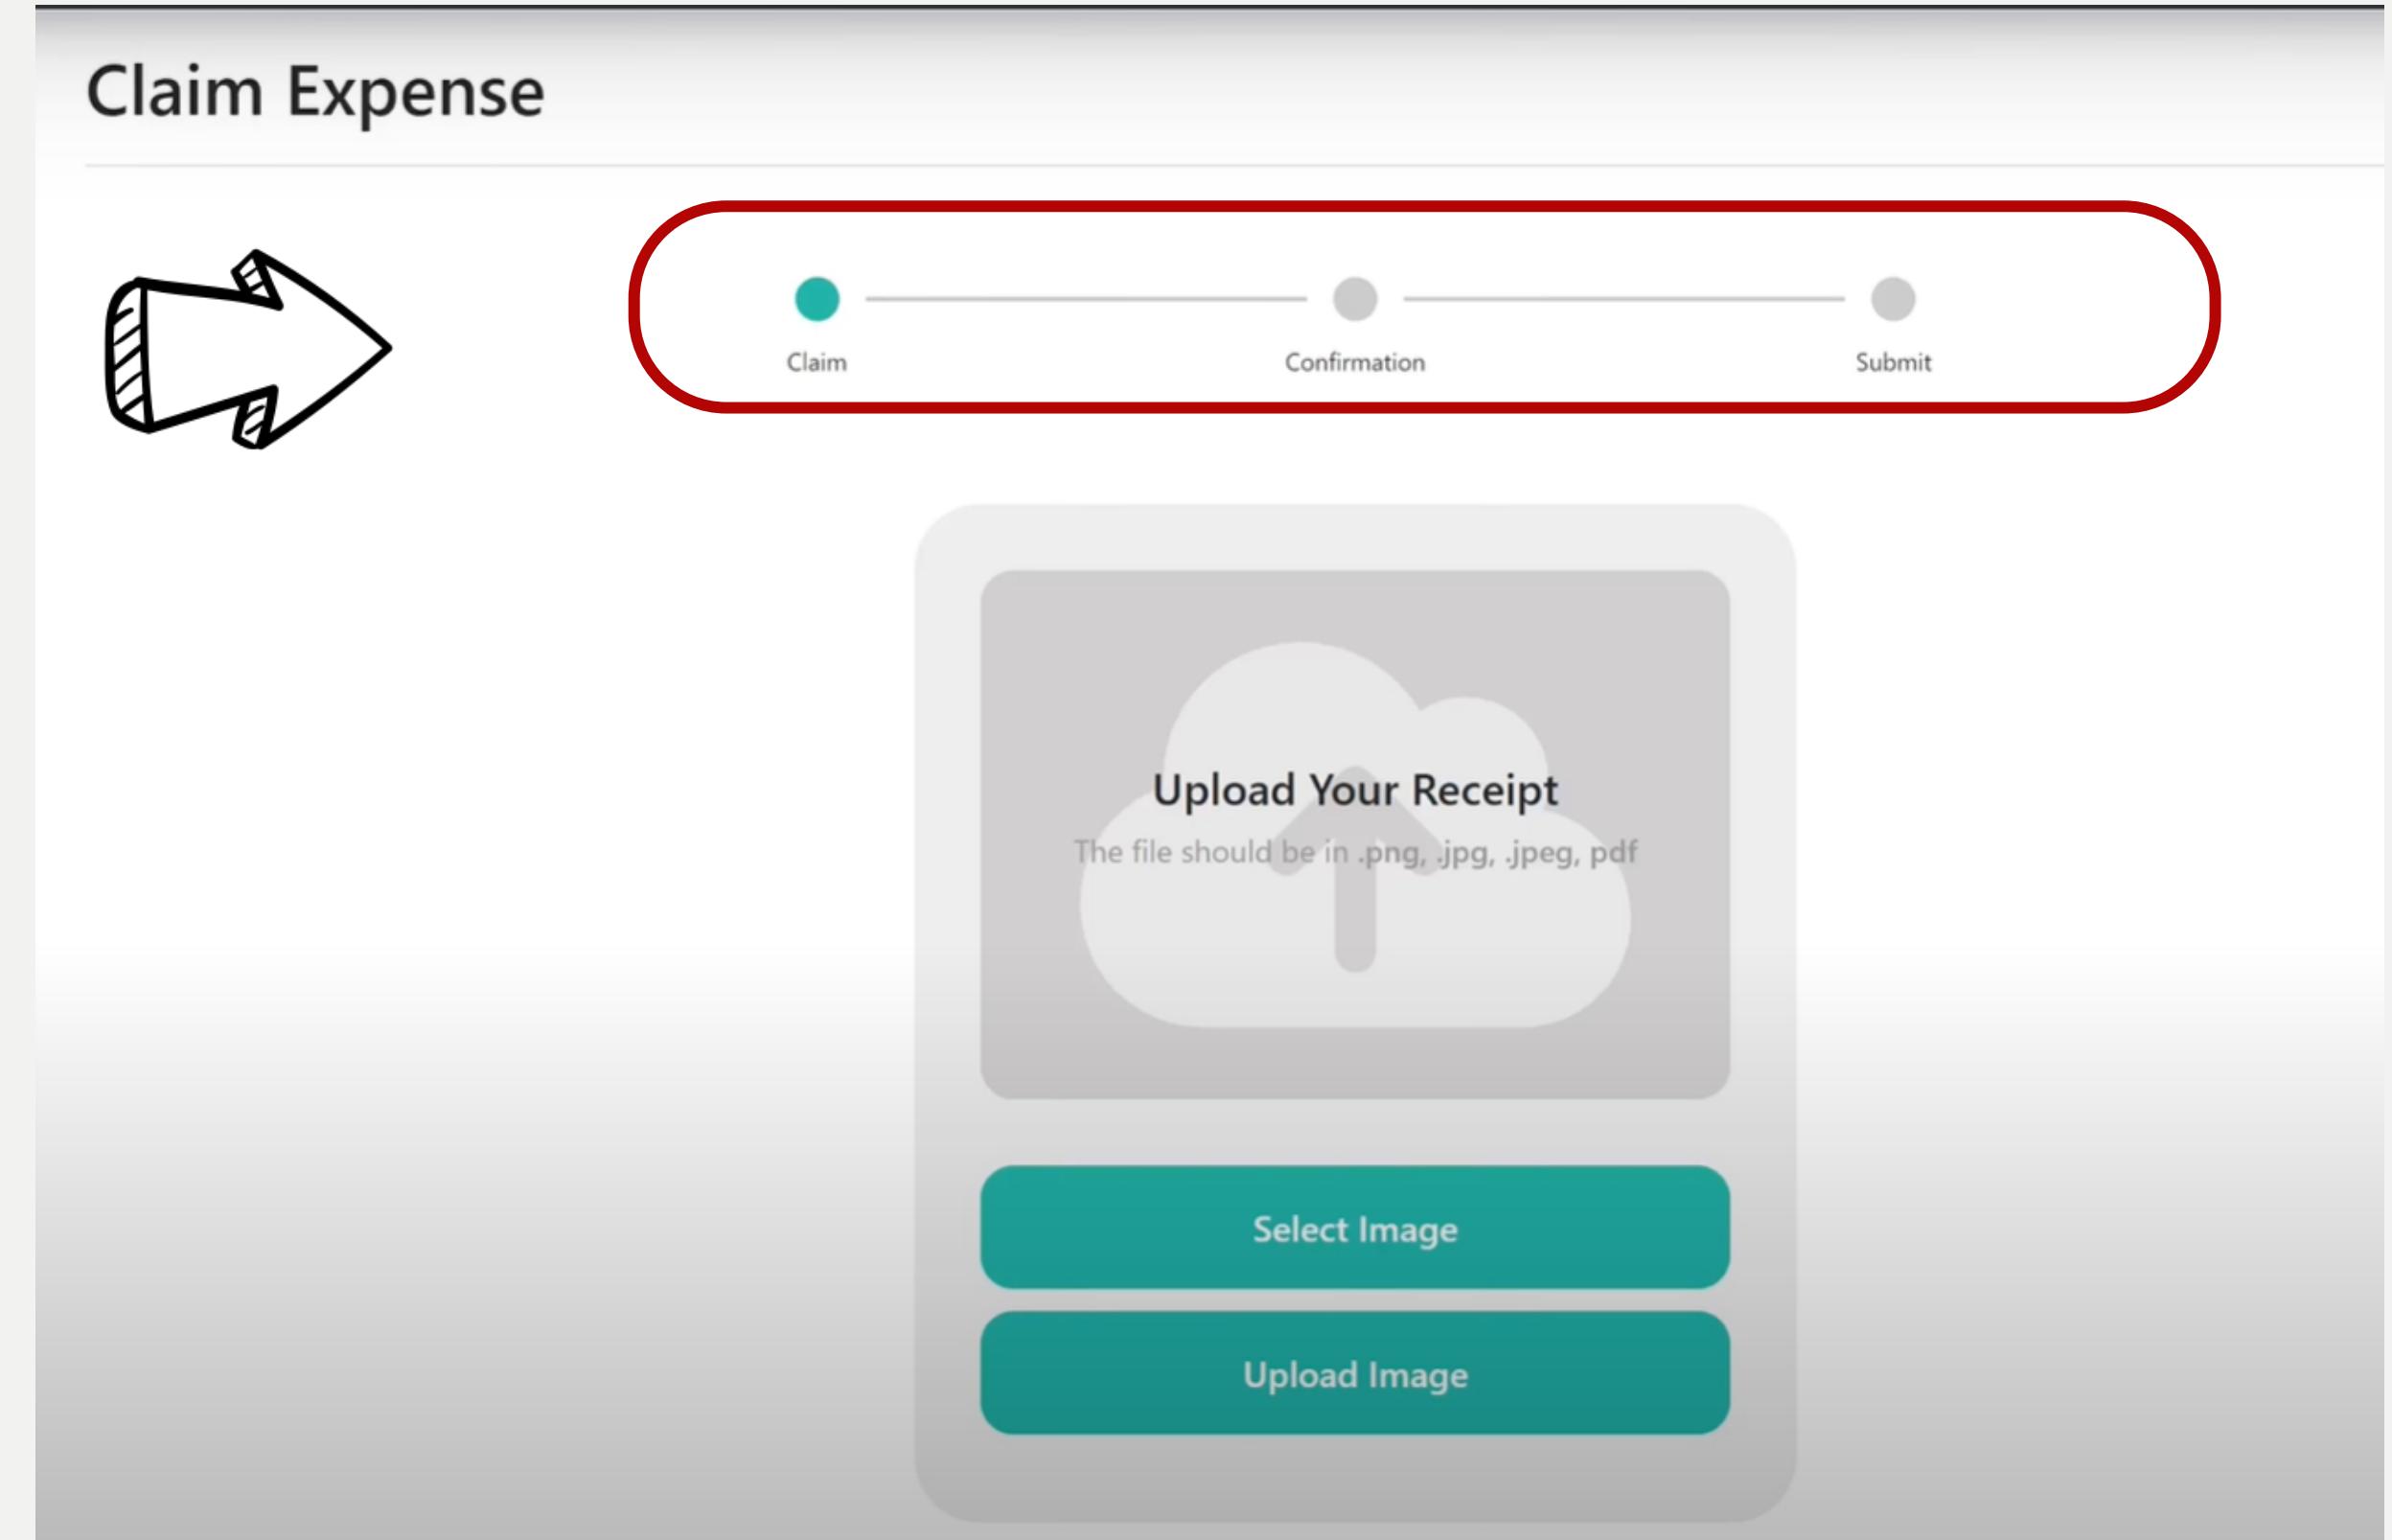

Click on the “Claim Expense” tab to navigate to the “Claim Expense” page.

The screenshot shows a user interface for managing claims. At the top, there is a dark header bar with the text "Welcome Yong Xin", a search bar, a value of "1.00", and a "Sign out" link. Below the header is a navigation menu with three items: "Dashboard", "Claim Expense" (which is highlighted with a red rounded rectangle), and "See all Your Claims". The main content area is titled "Claim Expense". It features a progress bar at the top with three steps: "Claim" (green dot), "Confirmation" (grey dot), and "Submit" (grey dot). Below the progress bar is a large grey rectangular area containing a white cloud icon with an upward arrow. The text "Upload Your Receipt" is displayed above the cloud, and a note below it says "The file should be in .png, .jpg, .jpeg, pdf". At the bottom of this area are two teal-colored buttons: "Select Image" and "Upload Image".

Claim Expense Page - Status Bar [2/10]

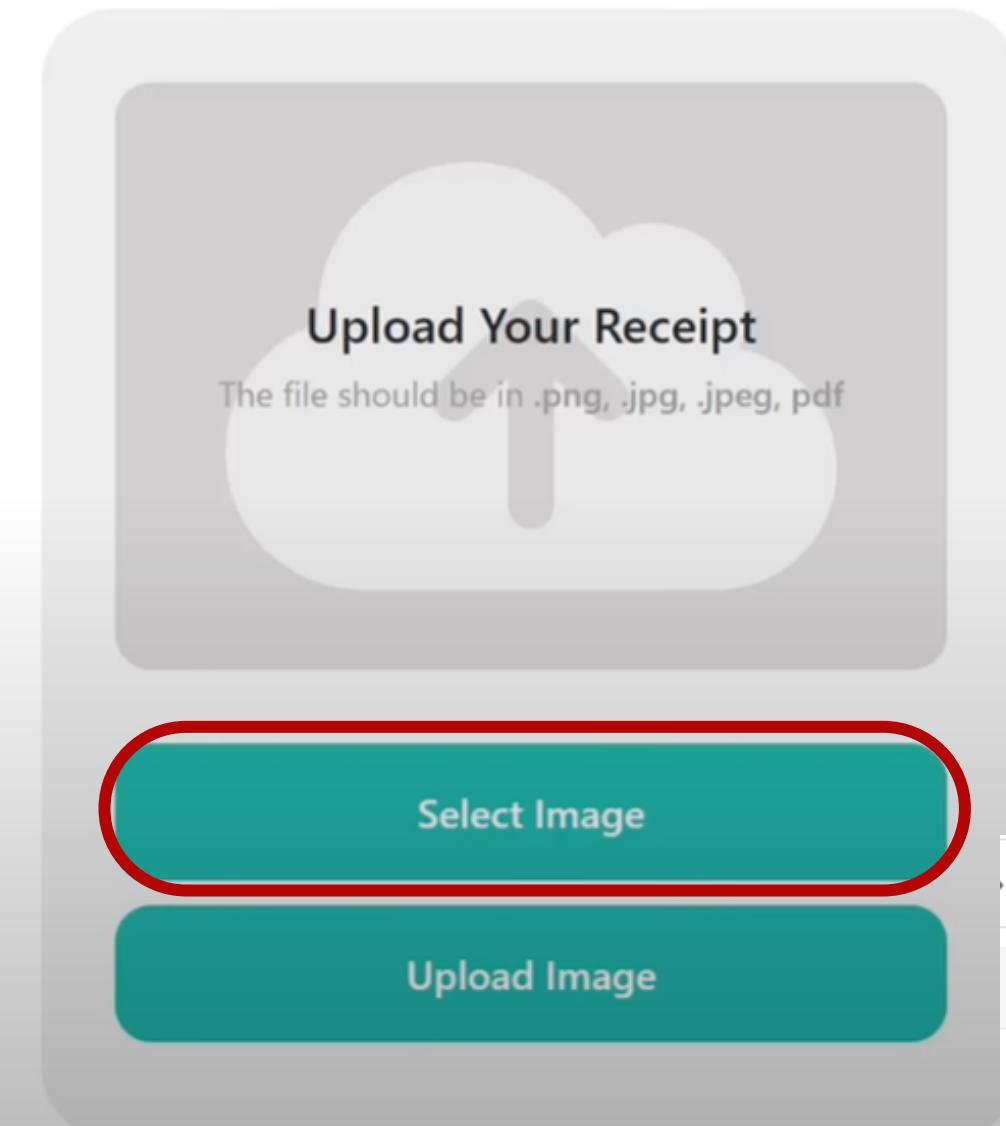

This is the “Status Bar” to show the status of the claim process, including “Claim” stage, “Confirmation” stage, and “Submit” stage.

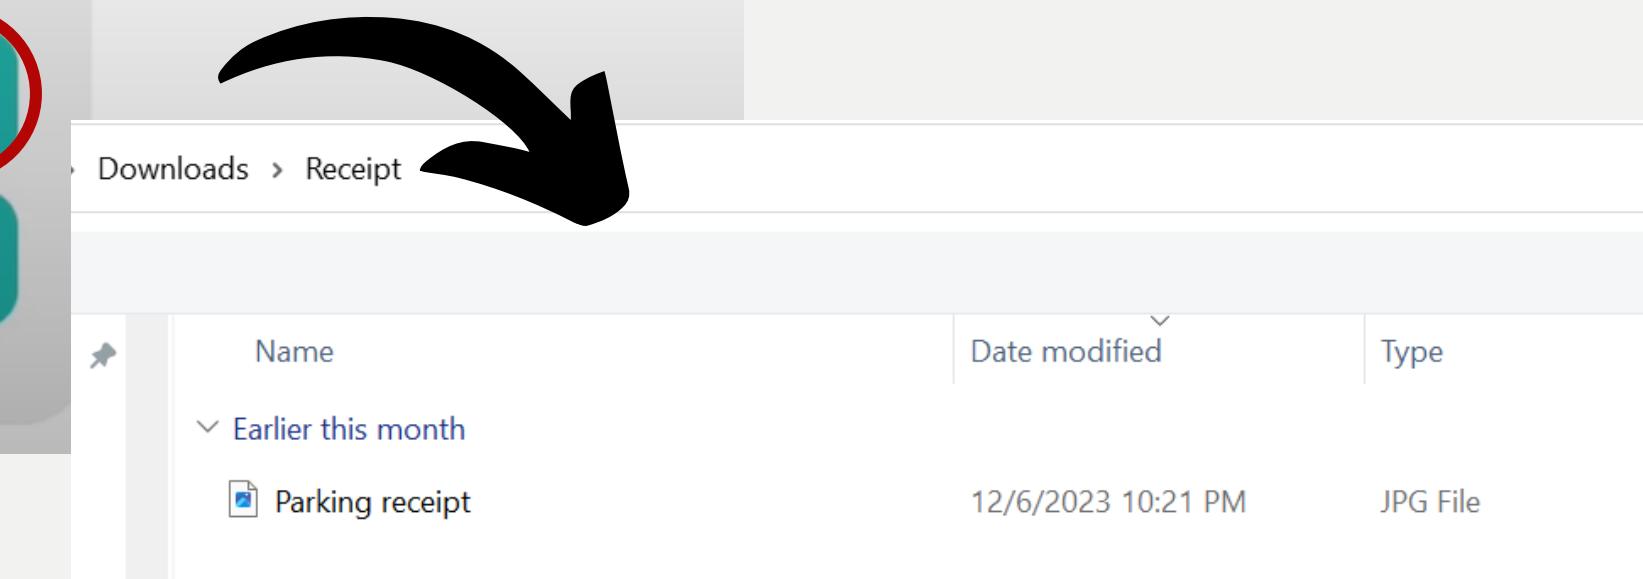

Claim Expense Page - Claim Stage [3/10]

Claim Expense

Claim Confirmation Submit

Click on the “Select Image” button and it will lead to the File Explorer of the users to allow them to upload the image of their receipts.

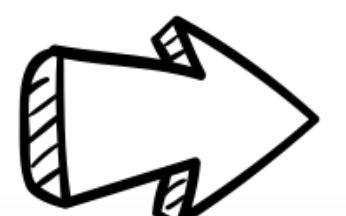

Claim Expense Page – Claim Stage [4/10]

Claim Expense

Claim Confirmation Submit

The selected image (if valid) would be shown in this section for the users to double confirm on the image of receipt that they selected.

A screenshot of a mobile application interface for claiming expenses. At the top, there is a navigation bar with three dots: a green dot labeled "Claim", a grey dot labeled "Confirmation", and another grey dot labeled "Submit". Below the navigation bar, the text "The selected image (if valid) would be shown in this section for the users to double confirm on the image of receipt that they selected." is displayed. To the right of this text is a large green arrow pointing right. In the center of the screen is a rounded rectangular container. Inside this container, there is a photograph of a fuel receipt from PETRONAS. The receipt shows details such as "PETRONAS STesen Minyak PETRONAS ABLE", "Lokasi: Jalan Pandangan, Taman Universiti, 40400 Petaling Jaya, Selangor, Malaysia", "Final Receipt ICOPAY", "Primax 95 RM 86.50", "Date: 06/03/2022", "Time: 08:22:31", "Pump No: 4", "Card No: 405014", "Cashier: GPT", "Purchase Method: Credit Card", "Grand Total: RM 86.50", and a QR code. This image is enclosed in a red rectangle. Below the image is a teal button with the text "Select Image" in white. At the bottom of the container is a green button with the text "Upload Image" in white. A small white arrow pointing down is located at the bottom center of the "Upload Image" button. To the right of the container, there is another large green arrow pointing left. Below this arrow, the text "Click on the “Upload Image” button once confirmed." is displayed.

Demonstration of responsiveness

All parts of the web-app have been designed to be responsive based on the user's optimal sizes. The next slides demonstrate how the same page looks different on PC/tablet or mobile screen size.

Landing page

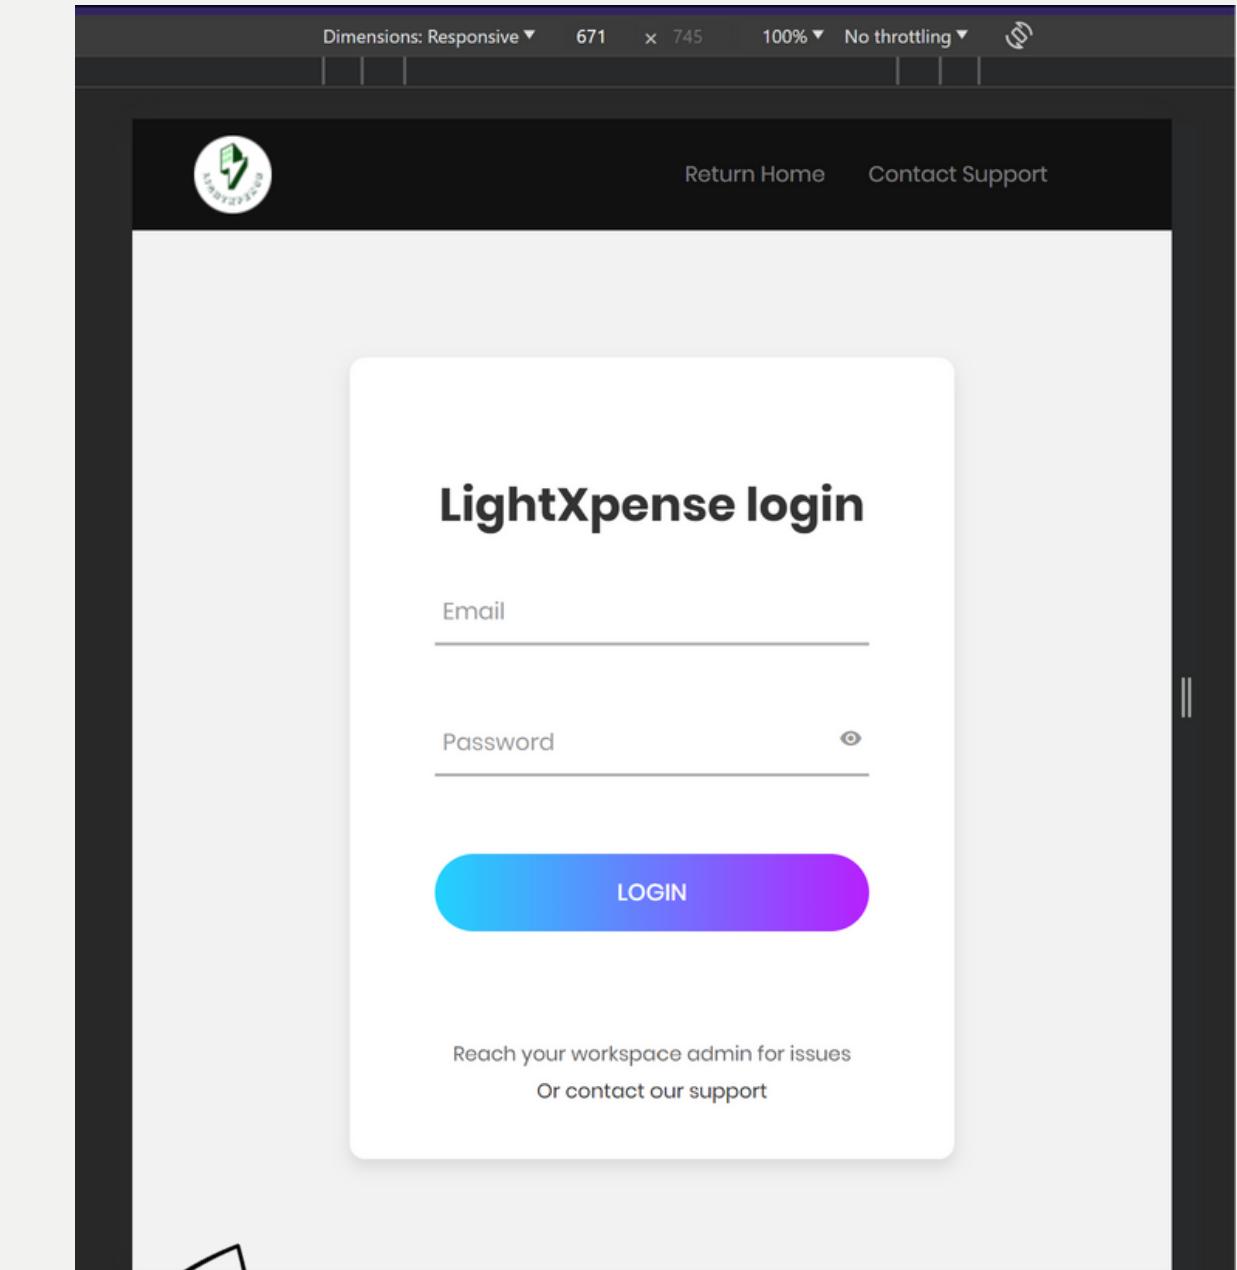

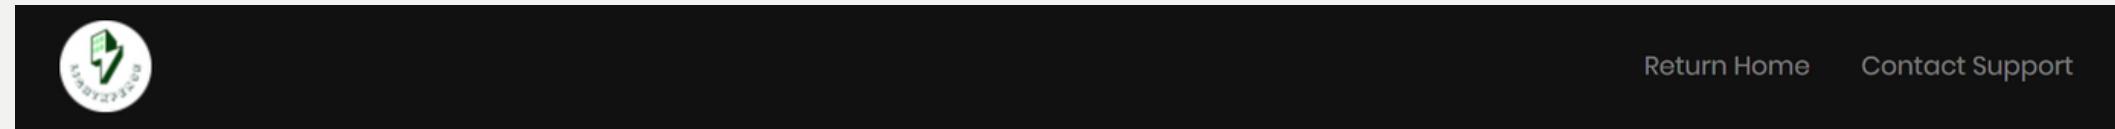

When viewed on a PC or tablet, the landing page is wide and has a fully displayed nav bar

For mobile users, the nav bar switches to a drop down to help with compact size and the landing page follows a vertical single column format.

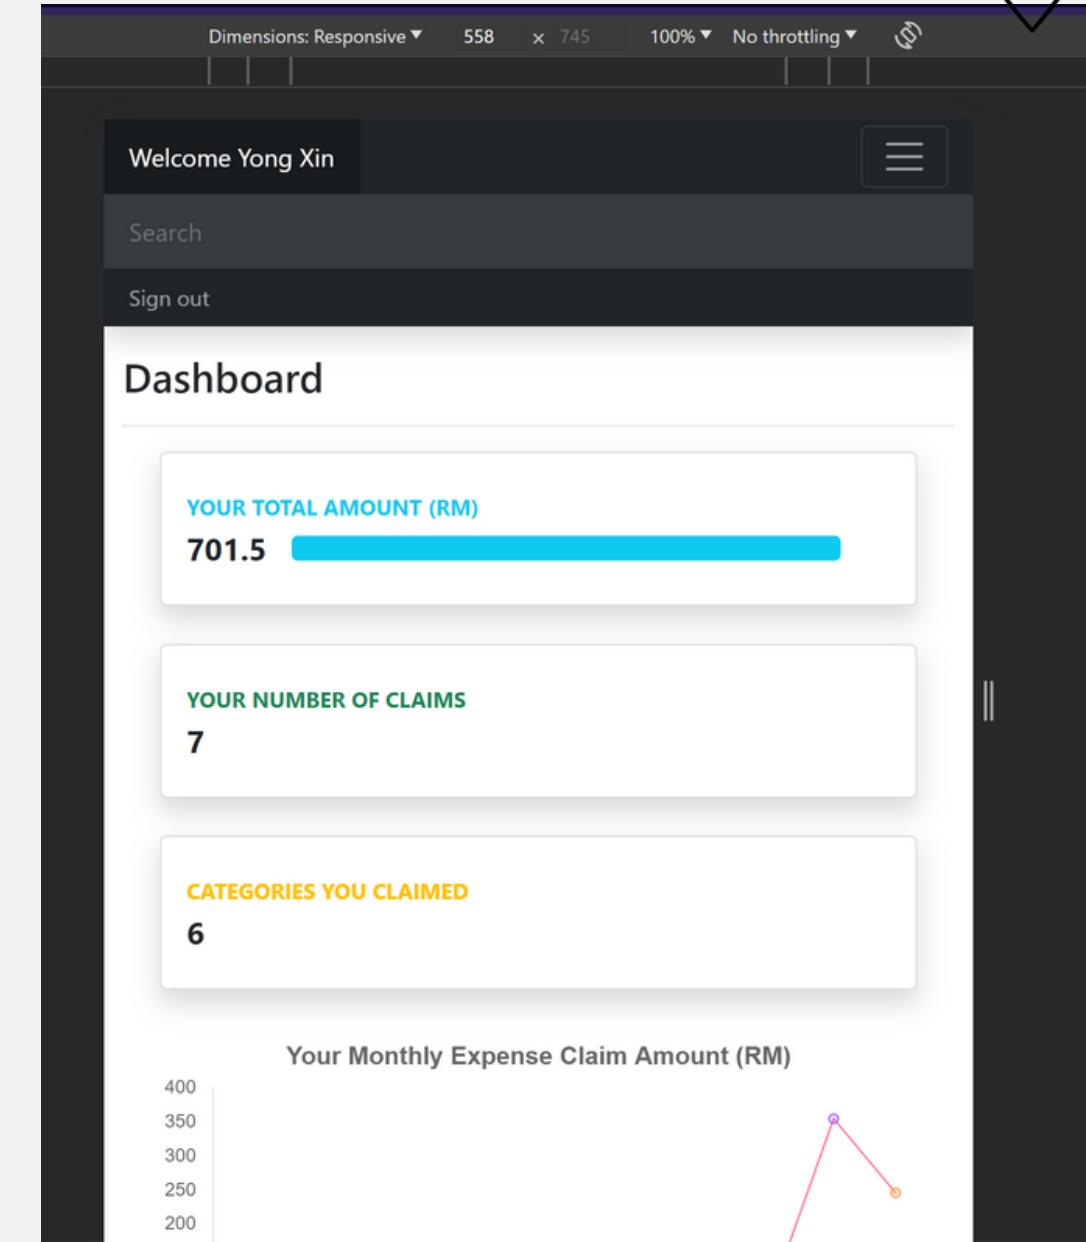

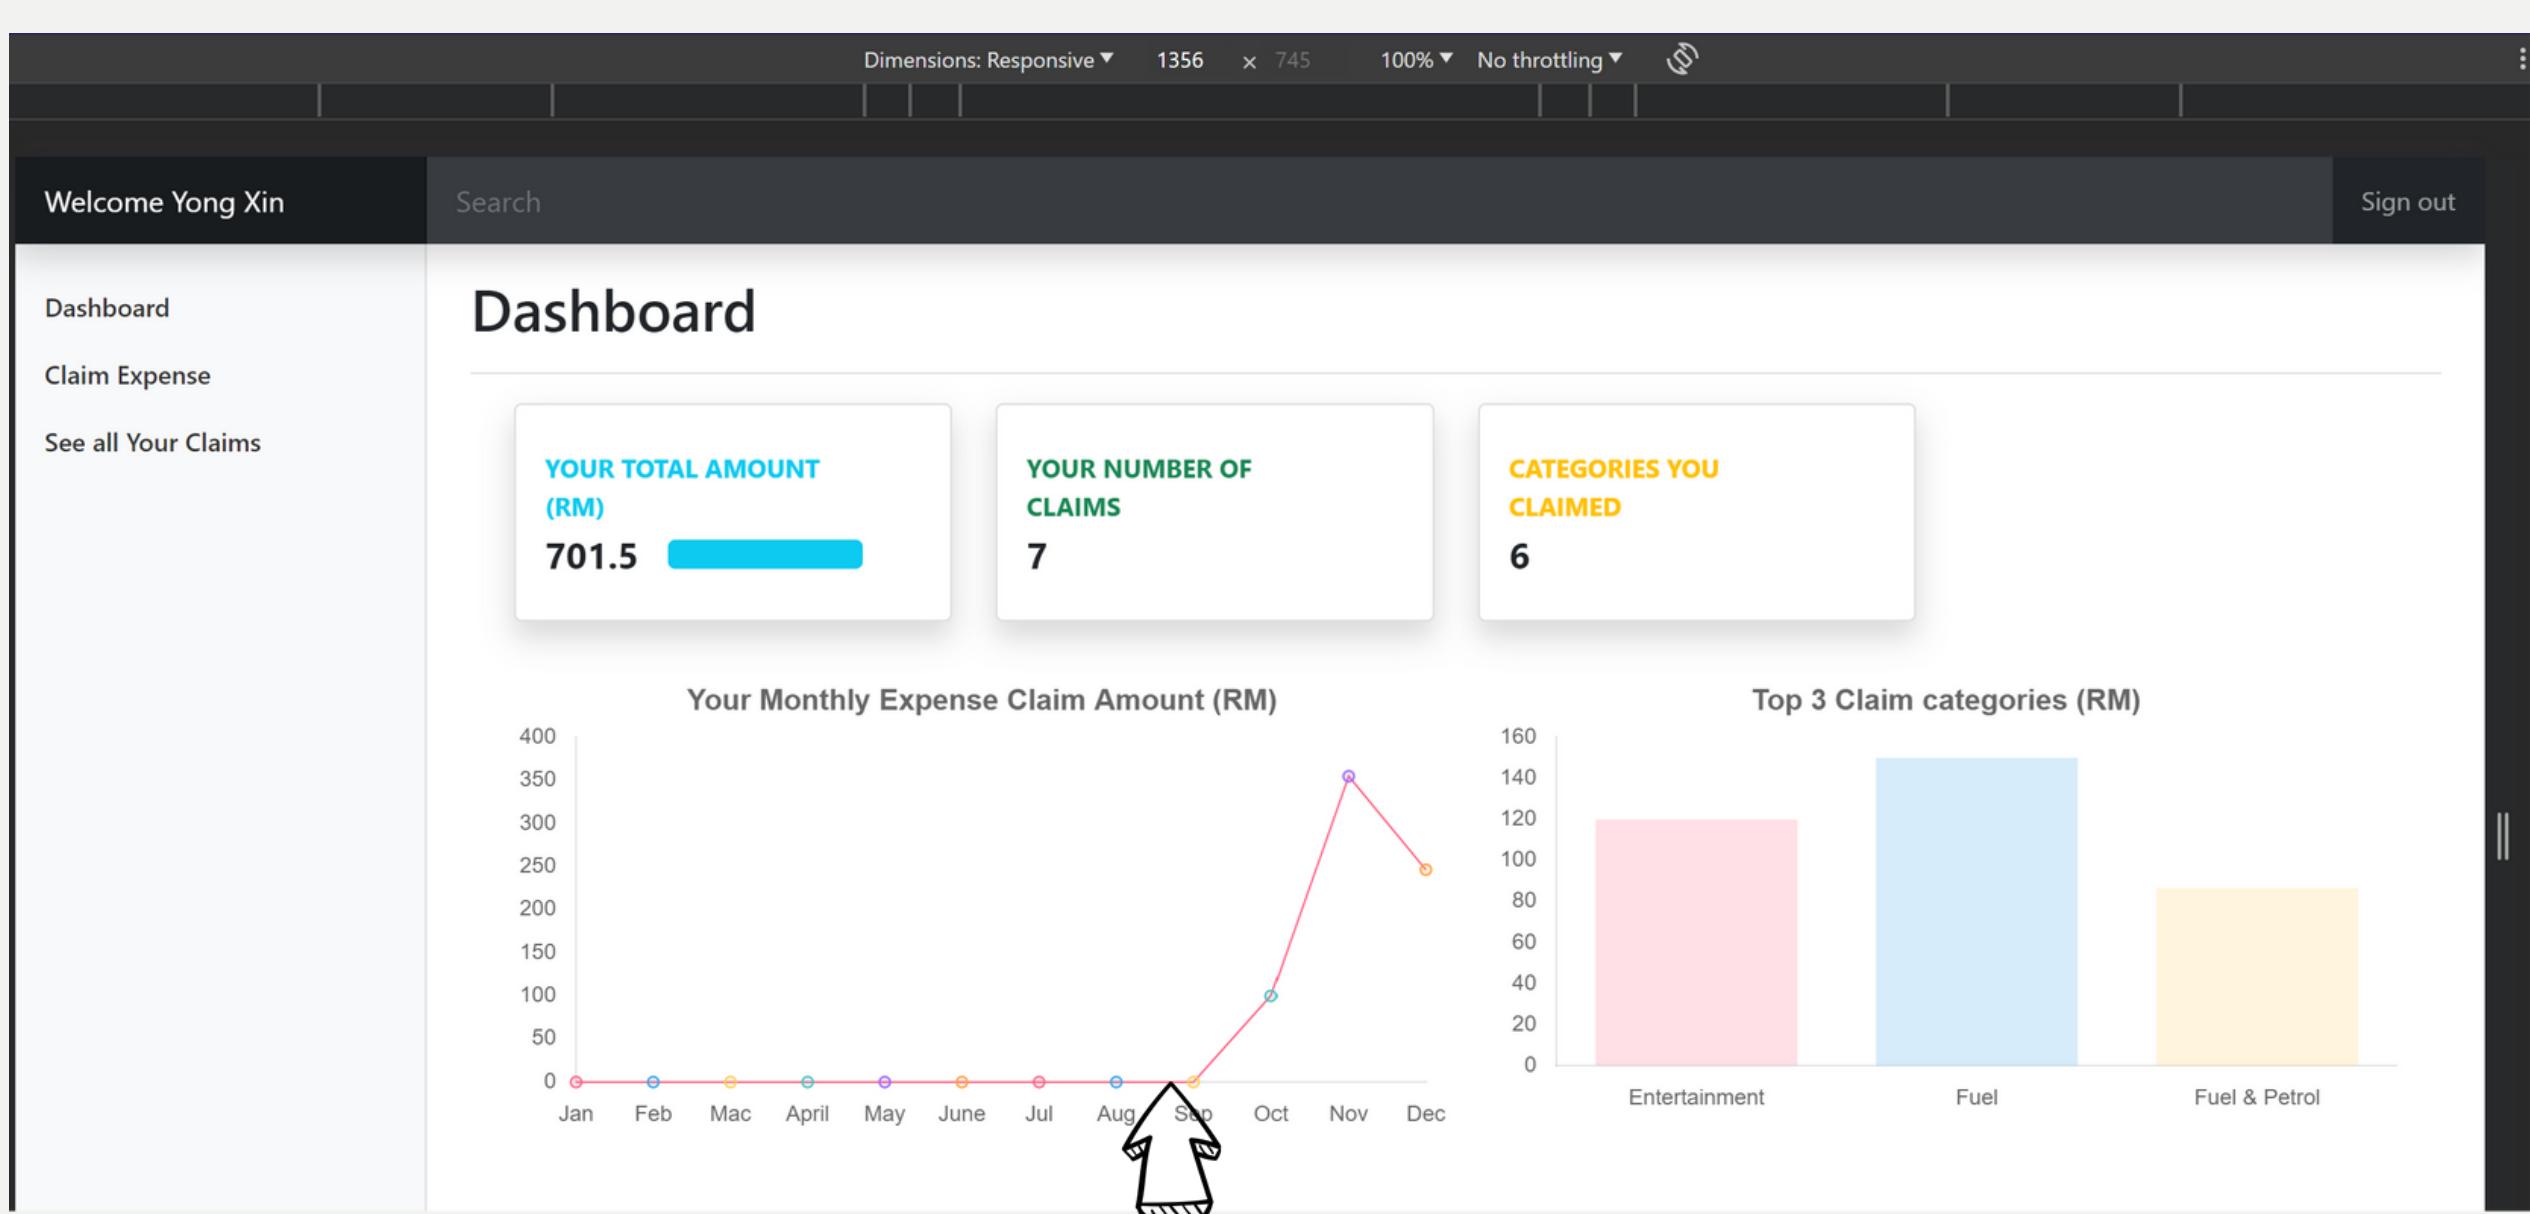

Login page

The login screen fits optimally on both screens with plenty of filler space in the main content to help with the responsive scaling based on screen size.

Dashboard page

For mobile users, the nav bar switches to a drop down to help with compact size and the landing page follows a vertical single column format.

When viewed on a PC or tablet, the dashboard page is wide and has a fully displayed nav bar
